Buc Followers Celebrate First Pennant Since 1927

PITTSBURGH — Pittsburgh Pirate fans throughout the tri-state district today celebrated the 1960 championship of "their Bucs" who clinched the National League pennant Sunday when the Chicago Cubs knocked the St. Louis Cardinals, final contenders, out of the race.

Nearly 100,000 welcomed the Pirates home Sunday night with a parade and less official observances for the baseball heroes who brought the first pennant to the city since 1927.

A 4-2 loss to the Braves at Milwaukee yesterday didn't bother the fans in Pittsburgh and elsewhere. They displayed unrestrained enthusiasm at the prospect of again facing the vaunted New York Yankees to whom the Pirates of 33 years ago lost four straight in the World Series.

Police at Pittsburgh estimated the welcoming crowd in the downtown area at almost 100,000, as large as any that assembled to mark the end of World War II or to greet presidential visitors.

The Golden Triangle was aglow with lights from the tall buildings, and "Beat 'em Bucs" banners and signs were evident everywhere.

Marching units and city officials joined in the welcoming parade, which followed the plane trip from Milwaukee where a dressing room celebration was staged by the jubilant players and the Pirate staff.

Mobutu Demands U.N. Withdraw Ghana Units

LEOPOLDVILLE, the Congo (AP)—Col. Joseph Mobutu, infuriated by a mob assault of Premier Patrice Lumumba's partisans on two of his government commissioners, today demanded immediate withdrawal of U.N. Ghana soldiers from the Congo.

Mobutu voiced the demand at a tense, three-hour meeting of the United Nations Command.

Sources close to the youthful strong man said he protested the protection that the Ghana brigade and the Ghana mission here have given Lumumba in his fight against President Joseph Kasavubu and Mobutu for control of the country.

Injured Boy Improves

NEW CUMBERLAND — Edward Moore, 15-year-old football player injured Friday night, is "progressing satisfactorily" in Weirton General Hospital, where he underwent surgery for internal injuries. Son of Mr. and Mrs. Thomas Moore, he suffered an apparent ruptured spleen in a game against Weirton Madonna. Moore is a New Cumberland varsity center. He was listed in "serious" condition Saturday.

Beaver Man Dies In Crash Of Stolen Auto

An Aliquippa man who was a passenger in an allegedly stolen car driven by a Midland youth was killed early today when the car crashed through a road construction barricade and slammed into a cement mixer on Constitution Blvd., Aliquippa.

The accident occurred at 4:30 a. m. between the Jones & Laughlin overpass bridge and the Ambridge Bridge. The car is owned by Ronald Cervi, 527 1st St., Aliquippa. It was believed stolen between 3:30 and 4:30 a. m. today from a parking place at a service station on Franklin Ave., Aliquippa.

Dag States U.N. Future Threatened

Aide Says Criticism By Reds Jeopardizes World Organization

UNITED NATIONS, N. Y. (AP) — U.N. Secretary-General Dag Hammarskjold, in an unexpected General Assembly appearance today, told the world organization that not his future but that of the United Nations is at stake in the crisis aroused by Soviet attacks on him.

Hammarskjold spoke against a background of heavy assault upon his office by Soviet Premier Nikita Khrushchev, who has asked the assembly to abolish the secretary-general's job and substitute a three-man board.

The Communist contingents, possibly to show their disagreement, failed to join in applause for Hammarskjold, but smiled and thumped their fists upon their desks.

The secretary-general's brief talk opened a day to be marked by much diplomatic activity touched off by Khrushchev's offensives at the United Nations.

President Eisenhower is playing a big role in the activity, with meeting with African leaders. He is working for massive support against Khrushchev's attempts to recast the U.N. structure.

Khrushchev also planned to attend a luncheon given by Cleveland industrialist Cyrus Eaton, who said the purpose is "to consider means of increasing trade between the Soviet Union and North America." U. S. and Canadian industrialists were invited.

Khrushchev was off to a running start for his second week here as the result of a supposed rest weekend at the Glen Cove, Long Island, estate of the Soviet delegation to the U. N.

The Kremlin boss met with newsmen with seeming casualness, once late Saturday and twice Sunday for question-and-answer periods lasting as long as 1½ hours. He alternately joked and, turning serious, tossed out new fireworks as followups to his Friday speech that shook the U. N.

The bouncy premier, who conducted one press conference in the middle of the road in front of the estate, showed no reluctance in commenting on any subject the reporters could think up.

Holds Talks With Asian, African Bloc

Continued Cold War Ultimatum Hurled In Reply By Russians

UNITED NATIONS, N.Y. (AP) —President Eisenhower meets today with two powerful Asian-African leaders, working for massive support against Soviet Premier Khrushchev's maneuvers to recast the United Nations into a form suitable to him.

Khrushchev countered with a virtual ultimatum — "continued cold war" — unless his demands are met.

From all corners of the earth more heads of government rushed to New York, drawn by the great and increasingly dangerous conflict. Never before in history have so many presidents, prime ministers and princes been gathered under one roof.

Eisenhower, reportedly grim, had appointments this afternoon with Prime Minister Jawaharlal Nehru of India and the president of the United Arab Republic, Gamal Abdel Nasser.

The President prepared to stay overnight in New York. He sees Britain's Prime Minister Harold Macmillan and Canada's Prime Minister John G. Diefenbaker on Tuesday.

In the U.N. itself, delegates of the 96 nations braced for two more stormy sessions.

Fidel Castro trained his guns on American policy in Cuba in a speech expected to last four hours. Castro usually speaks without a text—"from the heart," his admirers insist—working himself into a frenzy of emotion.

Later, the 21-nation Steering Committee tackles the annual East-West battle over seating Communist China in the U.N. The Soviet Union has proposed it; the United States is determined to block it.

The votes of newly admitted nations—some neutralist, the allegiance of others yet unknown, may make the China fight a close one.

Overshadowing everything is the crisis created by Khrushchev's demands for a reshaping of the U.N. structure.

It is widely believed that Khrushchev will suffer a shattering defeat if his proposals are put to the vote in the U.N.

Hammarskjold himself was reported advising against bringing Khrushchev's demands to a vote. Reliable informants said he believes that, given time, the storm will blow over.

Khrushchev, however, returned to the attack.

Talking with reporters at the Soviet estate at Glen Cove, L. I., he was asked what he will do if his demands for reorganization of the U. N. are not met.

"That means there will be no normal relations between the states that make up this organization. That means that the questions will have to be resolved, not under peaceful conditions, but under an aggravated situation," he replied.

"Those are the two alternatives —either a peaceful solution or else we shall have to rely on the balance of forces.

"In other words, we shall continue to be in a state of the cold war."

He confirmed that he had said Soviet rockets would be launched at the United States in case of an American attack on Cuba. But he said, "there is no ground for the

It is expected that Neff, Yoho and Kaleta will appeal the decision to the Superior Court.

Palestine Man Loses Life In Boat Accident

John Rockenberger Thrown From Craft, Drowns In Canada

EAST PALESTINE — The body of an East Palestine man, drowned late Saturday afternoon while on a fishing trip in Canada, will be returned here late tonight.

The victim, John Frederick (Jack) Rockenberger, 31, was drowned Saturday about 5 p. m. in Sharbot Lake, Ontario, when he and three companions were flipped from their boat. His body was not recovered until Sunday afternoon.

The lake is about 40 miles north of Kingston. Mr. Rockenberger, 215 E. North Ave., had gone to Canada Friday with a party of six to close the cabin of Sheriff Russell J. Van Fossan.

The four were in the boat, apparently testing the outboard motor, when it flipped. Mr. Rockenberger was operating the motor. It was not known if he struck his head or was unable to swim because of heavy clothing. He called once: "I can't swim" before going under.

In the boat with him were Francis Figley, a contractor, John Lipp and Jack McCarthy, all of East Palestine. Figley was cut badly on the leg by the propeller of the motor. The boat continued to circle around the lake, apparently righting itself.

Sheriff Van Fossan was on shore fishing about a mile away from the scene and Robert Lipp, of New

125,000 Hear Kennedy Talk In Ohio Rally

CLEVELAND (AP)—Sen. John F. Kennedy and local Democratic leaders were elated over the huge and enthusiastic throng that turned out to see and hear the Democratic presidential candidate here Sunday.

Kennedy, Nixon Wait Historical TV Debate

CHICAGO (AP)—The 1960 battle for the White House makes political history tonight as both presidential candidates debate domestic issues before millions of television viewers.

Vice President Richard M. Nixon and his Democratic rival, Sen. John F. Kennedy, will address a larger audience than any two candidates have ever faced jointly as the four major networks televise and broadcast the hour-long debate starting at 9:30 p.m. EDT.

The great debates in the history of American politics—the Lincoln-Douglas debates 100 years ago, for instance—were insignificant affairs in comparison.

Kennedy said the crowd, estimated by police at 125,000, jammed Euclid Beach Park for the Cuyahoga County organization's annual steer roast was "definitely the largest" he ever addressed.

Thousands more people along the route of Kennedy's motorcade waved, shouted, threw confetti and held up pro-Kennedy posters.

The crowd along the 12 - mile route from downtown Cleveland was estimated at 200,000 to 250,000 by James B. Halloran, Cleveland traffic commissioner. Some

Driver Jailed On 2 Charges

A city motorist drew two jail terms totaling 15 days along with a $250 fine after a hearing this morning before Municipal Judge Samuel M. Chertoff on charges of driving while under the influence of intoxicating liquor and driving without an operator's permit.

Donald Davis, 323½ Walnut St., drew a fine of $250 and costs and 10 days in the city jail for drunk driving count, and an additional 5 days in the County Jail for failing to have an operator's permit.

Davis was arrested early Saturday at E. 4th and Walnut Sts. after being trailed from Mulberry St. by Patrolman S. E. Hayes, who said he saw Davis speeding and weaving on the highway.

Minos Young, 410 Elm St., charged with crashing a traffic signal at Harvey Ave. and Putnam St. Sunday night, entered a not guilty plea. His case was continued until 9 a. m. Tuesday to permit the arresting officer to testify.

John I. Hazelet, 536 Campground Rd., Wellsville, cited at the same time on a similar charge, forfeited a $31 bond.

Michael Pezell of Campbell, cited by the State Highway Patrol over the weekend for passing over a yellow line, also forfeited $31. Charles Wilson, also cited by the patrol Friday on a similar charge, was fined $10 and costs.

Donald Sherwood Ingram, 301 Grant St., forfeited the same amount for using an illegal muffler. He was cited early Saturday on St. Clair Ave.

Norman Ray Quinn, 1748 Pennsylvania Ave., was fined $25 and costs for failing to transfer his truck plates to another truck. Judge Chertoff told Quinn he would consider suspending part of the fine if Quinn presents proof of transfer today.

Woman Killed In Argument

PAINESVILLE, Ohio (AP) — A 37-year-old woman was strangled and her husband found with a bullet wound in his forehead in their home at nearby Willoughby Sunday.

Dead was Mrs. Madeline Vian, who police said apparently was killed at the time neighbors heard a disturbance in the home about 2 a. m. Saturday. She was clad in night clothes.

The husband, Jack R. Vian, 36, was taken to Euclid Glenville Hospital in serious condition. Police were unable to question him. Officers said a .32-caliber revolver was clutched in his hand.

Richard W. McBurney, Lake County coroner, said marks on Mrs. Vian's neck showed someone had strangled her with their hands.

Vian had taken his 17-year-old stepdaughter, Mary, to Pennsylvania early Saturday and returned shortly before noon Sunday, when he shot himself, police said.

Mr. and Mrs. Howard J. Guth told police they were awakened by an argument in the Vian home about 2 a. m. Saturday. They said they later heard a woman scream and then saw Vian and his stepdaughter leave in a car, but did not report the incident at the time.

On their return, Vian told his stepdaughter that he had killed her mother and asked her to "run next door and call the police," officers said.

While the girl was at the Guth home notifying authorities, Vian entered his home and shot himself, police said.

The girl told police her mother and stepfather had argued before, "but there was nothing violent."

"I don't know any reason for this," she added.

School Heads To Meet

LISBON — Judge Louis Tobin will be guest speaker at a meeting of the Columbiana County School Administrators Wednesday at 6:30 p. m. at United Local School north of Hanoverton. County Supt. James L. McBride will preside. Various school problems will be discussed.

Spending Hit By President

PHILADELPHIA (AP) — President Eisenhower today denounced deficit spending as a threat to American world leadership as well as "the way of the political coward."

"Nothing can more surely weaken our nation at home and abroad than such irresponsible spending," he said. "To indulge in deficit spending, except in cases of temporary emergency, is not only robbing our grandchildren, it is the way of the political coward."

The President spoke during a two-hour stopover here en route to New York for foreign policy talks with Prime Minister Nehru of India, and President Gamal Abdel Nasser of the United Arab Republic.

In remarks prepared for a meeting of the American Institute of Certified Public Accountants, Eisenhower made no direct mention of Soviet Premier Nikita Khrushchev's demand for overhaul of the United Nations.

Instead, the President talked in general terms about the need for the United States to maintain a healthy economic base if it is to lead the free world in foiling Soviet plotting.

"The great material base today on which America's world leadership must stand is a sound, expanding, healthy and vigorous economy. The security and influence of America depend as much on a sound and expanding free enterprise economy as they do upon a strong military establishment," he said.

"Weakness on the economic side is fully as dangerous to us as weakness on the military side. Indeed, in the long run, it is more so."

From the accountants' meeting, Eisenhower was to go down the street to attend a gathering of directors of the Eisenhower Exchange Fellowships, Inc., an organization established in 1953 in honor of the President. Fellowships are available to citizens of the United States and other nations. These are nonpolitical and independent of established education institutions.

Jackson was slowing to make a left turn. Urich will receive a hearing before Judge Helen Huntsman of Toronto.

Drowning

Mr. Rockenberger, a partner with his father in the Rockenberger Motor Parts Co., was born in East Palestine Oct. 2, 1928, a son of George and Gretta Whittenberger Rockenberger. He was a 1946 graduate of East Palestine High School and had been associated with his father since then. Times That Try Men's Souls

"These are the times that try men's souls!" cried Thomas Paine in December 1776.

The crisis of the moment can be compared with the crisis of the nation's founding.

These, too, are the times that try men's souls. They are trying our souls.

A 9-year-old girl has been shot and killed by pro and con Cuban rioters in New York City.

Bully-boys have tried to turn the opening session of the United Nations General Assembly into a holy show.

The American people have the impression that the house of their fathers is being taken over by interlopers who have no respect or regard for the properties that govern guests.

Some of them have been staging spectacles that can be described only as obscene in the hypocrisy they represented.

All of them—all the bully-boys—have been cynically aware of the impact of their performances.

THEY HAVE KNOWN that they were barging into the United States at the time of its greatest vulnerability to political distraction—in the midst of the quadrennial presidential campaign.

Those skilled in the art of distraction have realized that the net effect of their well-timed intrusion will be to inflame and magnify all the passions and impulses whose control is the most difficult task of a self-governing country.

This is not a police state.

There are no iron curtains here to hide what is unpleasant.

We have no labor camps for Americans who speak and plot against the national interest. The national interest here is a subject of debate, except in instances of clearly defined acts of treason. And even then it is a matter of jurisprudence.

AMERICA is a seething cauldron of differences in an endless process of being simmered down to compromises. It is at the same time the best and the worst locations for the "parliament of man" that is evolving in the United Nations.

It is the best for non-Americans, who can be sure of finding here the freedom that is denied to them elsewhere.

But it can be the worst for Americans, who enjoy here the kind of freedom that puts responsibility for individual welfare on the individual. They can be their own worst enemies if they choose to be.

In America it is possible for a Cyrus Eaton to say and do things that would constitute treason if said and done in the Soviet Union.

In America it is possible for John F. Kennedy to stick to his presidential campaign line that the United States is a failure, when the nation's policy line is to convince faltering governments that their best hope of survival is to cooperate with the successful United States.

In America it is possible for newspapers and the television and radio industry to indulge their insatiable appetite for the latest headline and the newest picture at the expense of the only policy that would have made any sense in handling the presence of Khrushchev and Castro in New York—a coolly courteous policy of reporting nothing but their official statements.

In America—and only in America—could there be such a tumultuous exhibition of the forces threatening to jolt the world out of its familiar orbit.

WHEN TOM PAINE looked about him 184 years ago, he saw both obstacles and opportunity, and he concentrated on opportunity. He believed and made others believe a man's ultimate strength was in the citadel of his own conscience—that each man had to be true to himself.

This was the trial of the soul he cried out about in 1776. It is the trial of the soul in 1960.

We scarcely can see opportunity for obstacles the corpse of a child too young to know why people kill each other, the waggle of another Cuban pig-tail, the belly-laughing of a Russian tyrant who looks like Santa Claus without a beard.

But opportunity is here. Out of the kind of a world we live in can come the kind of a world men will live in better than they live in this one.

We must be patient. We must be true to ourselves.

If men could carve America out of a wilderness and set the world afire with a concept of freedom, they can make that same freedom the goal of mankind, and they can teach men never to use it to abuse the dignity that is the most precious possession of mankind.

The Magic Number Again Is '4'

It's all over but the shouting in the National League pennant race.

The Pittsburgh Pirates have clinched their first flag in 33 years and East Liverpool district fans have heaved a sigh of relief along with the thousands of others who rooted the Bucs home during a season filled with thrill after thrill.

It would be impossible to put into words the emotions of those who have lived and died — and now are living to the fullest — with the Bucs since that time early in the campaign when it became apparent that the team might have the ability to go all the way.

The Pirates' magic number becomes "4" again with the World Series next on the agenda. And the way the Bucs have been handling magic numbers all season they probably will have the answer to their latest and most important problem in baseball arithmetic.

With New York the winner in the American League, speculation will swing to the shadows at the Stadium, to the long-ball hitters, to the pitchers, to the infield and the outfield, to the ticket situation and to the hundred and one other things that go into making the baseball classic one of the sport world's most colorful events.

Actually, however, Manager Danny Murtaugh's strategy seems quite simple. All he has to say is: Beat 'em Bucs! Beat 'em Bucs! Beat em' Bucs! Beat em' Buc! Beat em' Bucs! Beat em' Bucs! Beat em' Bucs! Beat em' Bucs! Beat em' Bucs! Beat em' Bucs! Beat em' Bucs!

The Once Over

By H. I. Phillips

Khrushchev has had no easy job keeping Fidel Castro from stealing the U.N. show. Nikita hasn't killed, dressed and cooked chickens in any hotel room, threatened to demand rooms in the U.N. skyscraper or invaded Harlem in the role of the world's "best bad actor."

Our secret agent says that the Shelburne management stood for chicken-dressing in single and double rooms but lowered the boom when Fidel sent out for a live turkey and a sharper hatchet.

He says that before Castro was in the Shelburne two hours he had ordered a Cuban dish served in his room and added "Make it fast or I'll seize the kitchen."

There is also a report that when an elevator was slow taking him aboard, the Cuban chief told the operator "One more case like this and I'll confiscate you down to the last nail in your shoes."

Fidel is the first dictator to take the war between him and the hotel management to the United Nations. The Shelburne operator says that the Cuban boss presented a situation in which "DO NOT DISTURB" sign should have been on the hotel management doors instead of the guests'. It would be embarrassing if the U.N. Building ever had to bear a tablet reading, "Castro Slept here."

The Russians do everything so upside down that we can't understand why Khrushy's "Baltika" did BACK into New York Harbor instead of approaching front end first.

There were countless ghosts at the dockside when Nikita Khrushchev was escorted up the bay, and given the greatest police protection in history to sound off against the free world.

They included millions who had fled from the lands of Khrushchev and Kadar, Gomulka, Zhivkov and other Communistic nations of the old world to escape ruthlessness and find freedom in the United States. Above the voice of Khrushchev & Co. we seemed to hear them saying:

"We got no red carpet, no special attention, no guaranteed audiences. To us your Statue of Liberty spoke clearly 'Send these the homeless tempest-tossed, to me: I lift the lamp beside the golden door.'

"We were met by no fleet of Coast Guard boats or helicopters. We needed no police force to protect us. We preceded the dictators for generations. We knew no doubletalk. We had no good words for tyranny.

"We were fleeing despots. Our hearts beat faster as we neared the American shores. Nobody cheered or booed us. We expected neither. All we sought was liberty. We choked up with emotion as our ship neared port and we beheld the lights of America, where many before us had found happiness and the good life."

HARVARD INVITED KHRUSHCHEV to address it. The days have gone when it could depend on football for publicity this time of year. . . .

Soda and other soft drinks are already marketed in tin cans. Some day in the future all one may need is a can opener to get a banana split.

Georgie Jessel accompanied Harry Truman on a morning walkie-talkie. This could be a GOP plot to present impression of a comedy team. . .Any bearded American on Manhattan Island feels pretty embarrassed these days.

A Los Angeles man put an ad in the classified columns reading: "I am responsible for all debts of my wife, present and future, and am delighted to be a provider for a woman who has borne two fine children, listened to my squawks and, with an overabundance of care, made my life happier." This is the best switch since a New England wife, replied to a husband's. "I WILL NOT be responsible for debts," by inserting this one: "This will certify that the big bum never supported me at any time in his life. I didn't leave his bed and board and haven't let the punk cross my threshhold in years. Every merchant in town knows my request to charge anything to him would be the joke of the year."

HAVING HIS OWN PROGRAM is a victory for Allen Funt after a long battle. He originated Candid Camera and ran it at intervals for the last five years in afternoons. This column always found it highly amusing and it's good to know it will be an airwave feature.

Castro has seized all American tobacco plants on the island. He did it swiftly so nobody could cry "Close, but no cigar."

An ambulance driver in Gotham has been found to have ignored 10 police tickets, issued bad checks for a couple of speeding fines and lied to the court about the facts. (Maybe he needs hospital treatment.) If punishment is adequate it may do something to rid ambulance drivers of the idea their duty in conveying sick and helpless to hospital is to imperil them further, injure a few people on the way and show defiance of speed laws, police, courts and public safety.

Hope He's Coming In On Our Side

A Letter To The Editor

Some 'Onions' And Some 'Orchids'

"Onions" to you, Mr. Editor, for your Sept. 19 editorial concerning Nixon for president. "Orchids" to Mr. Kenneth Wilson for his reply. We would like to express our opinions on this subject.

First, we would like to know just what you gain by such a biased editorial written for a newspaper serving both Republicans and Democrats? Is it just self-satisfaction or do you honestly think you are doing your readers a favor?

(Letters for publication should not be longer than 300 words as a general rule. Exceptions are made at times, however, as in the present case. All letters will be judged on individual merit, particularly when more than one is received on the same subject. No letter will be published without a signature and address.)

It's too bad East Liverpool and surrounding areas do not have a choice of local papers for you would see how much a favor you are doing for we are certain from comments on your editorials your circulation would drop considerably.

WE AGREE Mr. Nixon has had the chance to understudy the President. What did he understudy, "How To Play Golf?" It's been stated on television that Mr. Nixon never made a decision concerning governmental affairs on his own. Could it be because so few were made at all during his term as vice president?

You say, "Mr. Kennedy is a comparative stranger to the world." Compared to Mr. Nixon he is. At least he would be a welcome stranger, treated with respect, not an unwelcome friend. His sincerity and determination could win him world friendship and respect. This is what Mr. Nixon seems to have lost. This is important in these crucial times.

What, Mr. Editor, does your statement "Mr. Kennedy has sold out to socialists" mean? Do you have any proof that if he were elected he would allow "political grabsters to seize all public enterprise"?

We agree the way to beat Communism is not to imitate it. Appeasement and do-nothing is not the answer, either. We must use forceful tactics and wisdom. Let them know we will not be browbeaten by any man or any country. We cannot turn our backs as we have been doing. Communism is too realistic and too widespread. We cannot expect results from a letter or a telegram demanding an apology for an act of aggression. We need a man with integrity who will stand up on every score as America's leader in world freedom. We call this Americanism. You spoke of dedication to the ideals of the American Revolution. The colonists didn't sit back and wait for freedom. They did something about it.

YOU SAY Mr. Nixon has proven a true product of American heritage. Is he any more a true American than John Kennedy? Does his family ancestry show any more devotion or service to the country than Mr. Kennedy?

Why should it be wrong to repudiate him at the heighth of his career than his opponent? If, in the opinion of more voters, he is less qualified, then why should we vote for him just so his political career is at stake? Oh, no, sir, we don't vote that way. We vote for the betterment of our country and for the party and man who can do most for us. Don't forget Mr. Kennedy has served many years politically and in military service. What about his career?

Mr. Nixon is not in any sense the reflection of an American dream that you suggest. Didn't he attend college? Was his family ever poverty-stricken or on relief? We don't believe any candidate should be judged by their family's social standing or whether or not they are extremely wealthy. Also, the vice president, just because he was such, has earned no morre right to be president than anyone else. It is the people's choice. As far as promise of greater leadership by Mr. Nixon, we are tired of eight years of promises. We want action.

You suggest that the people be thoughtful in this election. We second this wholeheartedly. Let them take into careful consideration the low tariffs that have allowed our markets to be flooded with foreign merchandise causing endless unemployment, the many billions of dollars and supplies sent abroad when our own people need help and food, the loss of many nations' friendship who once were our staunch allies, of the continual uprise in the cost of living, of our inadequate defense program, or our high taxes, and consider the labor strifes and disputes; and don't forget racial violence.

OH, YES, the Republicans headed by Mr. Nixon, promise to see that all these vital issues are thoroughly taken care of. They have had eight years in which to accomplish something beneficial to at least some part of our difficulties. What have they done? We can name nothing.

Yes, we should all think about it. Prices are higher than in any time in history, as many people are unemployed as during the depression. Only now they call it "recession". Doesn't "recession" mean going back?

Americans do not want to go back or even stand still. They want to go ahead. Why doesn't Mr. Nixon quote from another Republican, Mr. Hoover, and promise a chicken in every pot? We see only one thing wrong with this — not too many people at present could afford a pot or fuel to cook it!

Americans believe in the tradition that the colonists gave us—equality of man, the right to work, the right to vote as we please without duress, freedom of speech, the right to uphold our dignity as Americans by being free. That is the principle of our great democracy. Mr. Kennedy, in our opinion, is the man who will uphold these ideals and once more make America the world leader, holding forth the torch of freedom to men eeerywhere.

So, Mr. Editor, under one of our great freedoms — freedom of the press — you have the right to express your opinions. However, we doubt very much if your endorsement of Mr. Nixon will influence too many voters. It will be proven again as it was in the city election you so proudly endorsed that we think for ourselves. We aren't ignorant. The voters know the present administration's record of do-nothing speaks for itself.

Dear Nephew: We have received and taken note of your letter mooning over the departure of your school children. Since they have been going to school so long they are now in post-graduate work, we should think you'd be used to saying goodbye.

Both of us, it happens, think you and your missus have rocks in your head when it comes to this matter. It is our belief that the inclination among humans to overpossess their young should be outlawed.

We are impressed with the way our various mother cats always have done everything to get their kittens started on the right path and then have made a clean break with them. Not only do they ignore the kittens but if one tries to get friendly with the old lady after it has been put on its own she will give it a noseful of claws.

This is the rule throughout the rest of the animal kingdom. The only exception we have heard of is sheep, which not infrequently show attachment for their young long after the offspring are fully grown. But in view of the fact sheep are the world's dumbest domesticated animal, this is not convincing.

We can speak on this subject as experts, because you are the only child we ever raised and you weren't ours. You must admit, though, that we took good care of you.

Still, we never resented the inevitability of your attachment for other human beings and other interests. We did not try to possess you once you began to be aware of a world outside the walls of our house. We encouraged you to make excursions into the outside world when you were still knee-high to a grasshopper. Remember the time we put you on the train to spend a day on your own when you were in the 3rd grade? It wasn't easy, but we figured it was time for you to find out how it felt not to have an apron-string handy.

It was not until years later that we read what Philip Wylie had to say about the overpossession and overprotection of the human young. We had the idea before he wrote about it. There was no "momism" in your upbringing, and though we cannot boast that you are a tribute to our success we at least can declare that you did not end up in a booby hatch or a reform school.

As you said not long ago you figured you had been a successful parent because your own children had passed their 21st birthdays with no criminal records, we figure we have something to point to when our pride and joy is starting down the sunset slope still on his feet with his chin still sticking out.

And if it's permissible to get mushy, we take pardonable pride in remembering that we were brought up, ourselves, in this school of thought and managed somehow to survive what now is more than a lifetime of living without buckling under the strain. Your aunt likes to point out that she was in charge of two brothers and a sister before she was 10, and I like to point out that my family threw me out when I was 14.

What would be cruelty today was necessity and common practice then, and you might wonder how we ever built a country with things like that going on. Go ahead and ask. One thing sure. If you lived to be 18 you weren't afraid of adversity. You hadn't seen an apron string for so long you thought it was to tie an apron, not to hang on.

Dry your tears and quit mooning. Your kids aren't crying about you, so why should you cry about them? Regards to all.

Mr. K Cripples U.N.

By James Marlow

Red Threats Undermine Peace Efforts

WASHINGTON

Russian Premier Nikita Khrushchev, having done his best to paralyze the United Nations, has no reason for staying around now except to watch a cripple try to walk.

He had two purposes in coming here—to make propaganda and to undermine the United Nations. He accomplished both.

By his performance last week in New York—despite the bleeding heart he exhibited to backward peoples—he showed himself a hypocrite, a destructive force, a bully and a bore.

It is perhaps no accident he seems upset by the thought of death and disaster. It may be a pattern of his mind. Just read his speech to the United Nations and many previous speeches.

He dwells on annihilation.

His two-hour speech to the United Nations could have been delivered in an hour. It was a long-winded kind he delivers to captive audiences in Moscow. It had a few moments of thunder. As a whole it was a bore.

Khrushchev talks peace but he acts like a man frightened of it.

For more than a year he desperately wanted a summit meeting. Then at the last moment, after the U2 spy plane incident, he backed away and wrecked it.

It was thought at the time he might have been trying to save face.

But he came to this country where it was possible at the United Nations to make a new start toward peaceful settlement. Instead, he exploded in denunication and undermined the world's greatest agency for peace.

He talked, as he has many times before, of the need for disarmament. The next day he made disarmament impossible by declaring there could be none unless he had his way in demanding a basic change in the U.N. itself.

This was when he castigated Dag Hammarskjold, U.N. secretary-general, who had been critical of the Soviets' efforts to penetrate the Congo when the United Nations was trying to restore peace there.

Khrushchev called for revising the fundamental structure of the United Nations by eliminating Hammarskjold's job and creating a three-man secretariat to run the show.

One man would represent communism, one the West, and the third the neutral nations. Under the setup a veto by any of the three would paralyze the United Nations.

But Khrushchev knew his idea was impossible of achievement when he offered it.

What it boils down to is an effort to bulldoze the world organization into not interfering with Russian adventures in the future. Khrushchev did it by expressing a lack of confidence in the organization.

This leaves the future usefulness of the United Nations badly damaged if not ruined.

Khrushchev spent more time in his speech on the evils of colonialism than he did on anything else, demanding that all territories now held by any power be immediately freed.

Here he was at his hypocritical worst, for he said: "It could be said that it is easy for the Soviet Union to speak for the elimination of the colonial regime since the Soviet Union has no colonies."

But the Soviet Union is the newest and biggest colonial power. Witness the bondage of Russia's European satellites. The proof: Khrushchev's bloody supression of the Hungarians when they tried to shake off communism.

Why does he act this way? Perhaps it is in his nature, crude and explosive. Perhaps he feels it is necessary, as has been said, to convince the Red Chinese and his Kremlin critics that he is stalwart indeed.

Perhaps it is none of those but this: Russia has now tremendous power in weapons and he is bent on using that force -- if only through threats because he fears American counterforce—to blackmail his way through.

Japan Since The Crisis

By Raymond Moley

The Japanese nation and its dominant conservative party have survived the upheavals in June when President Eisenhower's visit was postponed.

But there is apprehension there, and among many Americans over here who understand Japan's problems, about the impact of that incident upon public opinion in the United States.

According to a sounding of American opinion by an expert agency, more than a half of Americans believe Japan to be an undependable ally. Only a third believe Japan to be a dependable friend. More than a half favor a decrease in American-Japanese trade, while only a tenth favor its increase.

This is most unfortunate in the light of our position in the Far East, our national security and our concern in preventing further expansion of Communist imperialism in Asia.

CONTRARY TO this pessimism among so many Americans, Japan as a nation, its dominant political leaders and its business community are not only very anxious to be our ally and friend but are convinced that continued and expanded trade is necessary to both nations.

The new prime minister, Hayato Ikeda, who succeeded Nobusuke Kishi, not only is determined to cement better relations with the United States but is likely to be able, with some sympathetic help from us, to make sure that the unfortunate disorders of June do not happen again.

His party, the Liberal Democrats, is at the moment firmly in the majority in the government. Recent local elections have shown an increased majority vote for opat party.

The plan is to dissolve the Diet in October and to go to the country in a general election in November.

This will be in the nature of a vote of confidence which will enable the government to strengthen itself against such disorders as have threatened it in the past.

This confidence in the continuance of control by a party which is friendly to the United States seems to be well justified.

The socialist opposition not only is divided but is, as a party, in a very shaky position.

However, it is doubtful whether the conservative leaders are aware of the seriousness of the situation in their country.

The disturbances in June of this year against the security treaty with the United States and against the Kishi government, together with the riots in November 1958, were possible largely because the government is legally without the power to protect itself against alien subversion and internal disorders.

Those riots were largely inspired and financed by funds from Communist countries, Red China and probably the Soviet Union.

THE WEAKNESS in the government's police power is in turn due to the fantastic imposition of restraints by some of the bureaucrats in the American occupation.

The police system was practically shattered by laws imposed through the influence of the occupation. Japan was compelled completely to demilitarize itself. It has been helpless not only against foreign aggression but domestic subversion.

It has no real laws against subversion, no official secrets and an inadequate national police force. For example, the police know what funds are being smuggled in but have no power to arrest the people who are receiving and using them.

There is no adequate control of trade with Red China. That trade is used to provide funds for the people who are attempting to overthrow the government.

There will be a shipment of some commodity from China, for instance but the money which it brings stays in Japan and is turned over to the subversive apparatus.

That apparatus must be broken by a reform in the laws and the police administration must be made capable of enforcing such laws. Until that is done, conditions will still be uncertain.

WHEN TOM PAINE looked about him 184 years ago, he saw both obstacles and opportunity, and he concentrated on opportunity. He believed and made others believe a man's ultimate strength was in the citadel of his own conscience—that each man had to be true to himself.

This was the trial of the soul he cried out about in 1776. It is the trial of the soul in 1960.

We scarcely can see opportunity for obstacles the corpse of a child too young to know why people kill each other, the waggle of another Cuban pig-tail, the belly-laughing of a Russian tyrant who looks like Santa Claus without a beard.

But opportunity is here. Out of the kind of a world we live in can come the kind of a world men will live in better than they live in this one.

We must be patient. We must be true to ourselves.

If men could carve America out of a wilderness and set the world afire with a concept of freedom, they can make that same freedom the goal of mankind, and they can teach men never to use it to abuse the dignity that is the most precious possession of mankind.

Hope He's Coming In On Our Side

Mr. K Cripples U.N.

By James Marlow

Red Threats Undermine Peace Efforts

WASHINGTON

Russian Premier Nikita Khrushchev, having done his best to paralyze the United Nations, has no reason for staying around now except to watch a cripple try to walk.

He had two purposes in coming here—to make propaganda and to undermine the United Nations. He accomplished both.

By his performance last week in New York—despite the bleeding heart he exhibited to backward peoples—he showed himself a hypocrite, a destructive force, a bully and a bore.

It is perhaps no accident he seems upset by the thought of death and disaster. It may be a pattern of his mind. Just read his speech to the United Nations and many previous speeches.

He dwells on annihilation.

His two-hour speech to the United Nations could have been delivered in an hour. It was a long-winded kind he delivers to captive audiences in Moscow. It had a few moments of thunder. As a whole it was a bore.

Khrushchev talks peace but he acts like a man frightened of it.

For more than a year he desperately wanted a summit meeting. Then at the last moment, after the U2 spy plane incident, he backed away and wrecked it.

It was thought at the time he might have been trying to save face.

But he came to this country where it was possible at the United Nations to make a new start toward peaceful settlement. Instead, he exploded in denunication and undermined the world's greatest agency for peace.

He talked, as he has many times before, of the need for disarmament. The next day he made disarmament impossible by declaring there could be none unless he had his way in demanding a basic change in the U.N. itself.

This was when he castigated Dag Hammarskjold, U.N. secretary-general, who had been critical of the Soviets' efforts to penetrate the Congo when the United Nations was trying to restore peace there.

Khrushchev called for revising the fundamental structure of the United Nations by eliminating Hammarskjold's job and creating a three-man secretariat to run the show.

One man would represent communism, one the West, and the third the neutral nations. Under the setup a veto by any of the three would paralyze the United Nations.

But Khrushchev knew his idea was impossible of achievement when he offered it.

What it boils down to is an effort to bulldoze the world organization into not interfering with Russian adventures in the future. Khrushchev did it by expressing a lack of confidence in the organization.

This leaves the future usefulness of the United Nations badly damaged if not ruined.

Khrushchev spent more time in his speech on the evils of colonialism than he did on anything else, demanding that all territories now held by any power be immediately freed.

Here he was at his hypocritical worst, for he said: "It could be said that it is easy for the Soviet Union to speak for the elimination of the colonial regime since the Soviet Union has no colonies."

But the Soviet Union is the newest and biggest colonial power. Witness the bondage of Russia's European satellites. The proof: Khrushchev's bloody supression of the Hungarians when they tried to shake off communism.

Why does he act this way? Perhaps it is in his nature, crude and explosive. Perhaps he feels it is necessary, as has been said, to convince the Red Chinese and his Kremlin critics that he is stalwart indeed.

Perhaps it is none of those but this: Russia has now tremendous power in weapons and he is bent on using that force -- if only through threats because he fears American counterforce—to blackmail his way through.

A Letter To The Editor

Some 'Onions' And Some 'Orchids'

"Onions" to you, Mr. Editor, for your Sept. 19 editorial concerning Nixon for president. "Orchids" to Mr. Kenneth Wilson for his reply. We would like to express our opinions on this subject.

First, we would like to know just what you gain by such a biased editorial written for a newspaper serving both Republicans and Democrats? Is it just self-satisfaction or do you honestly think you are doing your readers a favor?

(Letters for publication should not be longer than 300 words as a general rule. Exceptions are made at times, however, as to the present case. All letters will be judged on individual merit, particularly when more than one is received on the same subject. No letter will be published without a signature and address.)

It's too bad East Liverpool and surrounding areas do not have a choice of local papers for you would see how much a favor you are doing for we are certain from comments on your editorials your circulation would drop considerably.

WE AGREE Mr. Nixon has had the chance to understudy the President. What did he understudy, "How To Play Golf?" It's been stated on television that Mr. Nixon never made a decision concerning governmental affairs on his own. Could it be because so few were made at all during his term as vice president?

You say, "Mr. Kennedy is a comparative stranger to the world." Compared to Mr. Nixon he is. At least he would be a welcome stranger, treated with respect, not an unwelcome friend. His sincerity and determination could win him world friendship and respect. This is what Mr. Nixon seems to have lost. This is important in these crucial times.

What, Mr. Editor, does your statement "Mr. Kennedy has sold out to socialists" mean? Do you have any proof that if he were elected he would allow "political grabbers to seize all public enterprise"?

We agree the way to beat Communism is not to imitate it. Appeasement and do-nothing is not the answer, either. We must use forceful tactics and wisdom. Let them know we will not be browbeaten by any man or any country. We cannot turn our backs as we have been doing. Communism is too realistic and too widespread. We cannot expect results from a letter or a telegram demanding an apology for an act of aggression. We need a man with integrity who will stand up on every score as America's leader in world freedom. We call this Americanism. You spoke of dedication to the ideals of the American Revolution. The colonists didn't sit back and wait for freedom. They did something about it.

YOU SAY Mr. Nixon has proven a true product of American heritage. Is he any more a true American than John Kennedy? Does his family ancestry show any more devotion or service to the country than Mr. Kennedy?

Why should it be wrong to repudiate him at the heights of his career than his opponent? If, in the opinion of more voters, he is less qualified, then why should we vote for him just so his political career is at stake? Oh, no, sir, we don't vote that way. We vote for the betterment of our country and for the party and man who can do most for us. Don't forget Mr. Kennedy has served many years politically and in military service. What about his career?

Mr. Nixon is not in any sense the reflection of an American dream that you suggest. Didn't he attend college? Was his family ever poverty-stricken or on relief? We don't believe any candidate should be judged by their family's social standing or whether or not they are extremely wealthy. Also, the vice president, just because he was such, has earned no more right to be president than anyone else. It is the people's choice. As far as promise of greater leadership by Mr. Nixon, we are tired of eight years of promises. We want action.

You suggest that the people be thoughtful in this election. We second this wholeheartedly. Let them take into careful consideration the low tariffs that have allowed our markets to be flooded with foreign merchandise causing endless unemployment, the many billions of dollars and supplies sent abroad when our own people need help and food, the loss of many nations' friendship who once were our staunch allies, of the continual uprise in the cost of living, of our inadequate defense program, of our high taxes, and consider the labor strikes and disputes; and don't forget racial violence.

OH, YES, the Republicans headed by Mr. Nixon, promise to see that all these vital issues are thoroughly taken care of. They have had eight years in which to accomplish something beneficial to at least some part of our difficulties. What have they done? We can name nothing.

Yes, we should all think about it. Prices are higher than in any time in history, as many people are unemployed as during the depression. Only now they call it "recession". Doesn't "recession" mean going back?

Americans do not want to go back or even stand still. They want to go ahead. Why doesn't Mr. Nixon quote from another Republican, Mr. Hoover, and promise a chicken in every pot? We see only one thing wrong with this — not too many people at present could afford a pot or fuel to cook it!

Americans believe in the tradition that the colonists gave us—equality of man, the right to work, the right to vote as we please without duress, freedom of speech, the right to uphold our dignity as Americans by being free. That is the principle of our great democracy. Mr. Kennedy, in our opinion, is the man who will uphold these ideals and once more make America the world leader, holding forth the torch of freedom to men everywhere.

So, Mr. Editor, under one of our great freedoms — freedom of the press — you have the right to express your opinions. However, we doubt very much if your endorsement of Mr. Nixon will influence too many voters. It will be proven again as it was in the city election you so proudly endorsed that we think for ourselves. We aren't ignorant. The voters know the present administration's record of do-nothing speaks for itself.

The Magic Number Again Is '4'

It's all over but the shouting in the National League pennant race.

The Pittsburgh Pirates have clinched their first flag in 33 years and East Liverpool district fans have heaved a sigh of relief along with the thousands of others who rooted the Bucs home during a season filled with thrill after thrill.

It would be impossible to put into words the emotions of those who have lived and died — and now are living to the fullest — with the Bucs since that time early in the campaign when it became apparent that the team might have the ability to go all the way.

The Pirates' magic number becomes "4" again with the World Series next on the agenda. And the way the Bucs have been handling magic numbers all season they probably will have the answer to their latest and most important problem in baseball arithmetic.

With New York the winner in the American League, speculation will swing to the shadows at the Stadium, to the long-ball hitters, to the pitchers, to the infield and the outfield, to the ticket situation and to the hundred and one other things that go into making the baseball classic one of the sport world's most colorful events.

Actually, however, Manager Danny Murtaugh's strategy seems quite simple. All he has to say is: Beat 'em Bucs! Beat 'em Bucs! Beat em' Bucs! Beat em' Bucs! Beat em' Bucs! Beat em' Bucs! Beat em' Bucs! Beat em' Bucs! Beat em' Bucs! Beat em' Bucs! Beat em' Bucs!

The Once Over

By H. I. Phillips

Khrushchev has had no easy job keeping Fidel Castro from stealing the U.N. show. Nikita hasn't killed, dressed and cooked chickens in any hotel room, threatened to demand rooms in the U.N. skyscraper or invaded Harlem in the role of the world's "best bad actor."

Our secret agent says that the Shelburne management stood for chicken-dressing in single and double rooms but lowered the boom when Fidel sent out for a live turkey and a sharper hatchet.

He says that before Castro was in the Shelburne two hours he had ordered a Cuban dish served in his room and added "Make it fast or I'll seize the kitchen."

There is also a report that when an elevator was slow taking him aboard, the Cuban chief told the operator "One more case like this and I'll confiscate you down to the last nail in your shoes."

Fidel is the first dictator to take the war between him and the hotel management to the United Nations. The Shelburne operator says that the Cuban boss presented a situation in which "DO NOT DISTURB" signs should have been on the hotel management doors instead of the guests'. It would be embarrassing if the U.N. Building ever had to bear a tablet reading, "Castro Slept here."

The Russians do everything so upside down that we can't understand why Khrushy's "Baltika" did BACK into New York Harbor instead of approaching front end first.

There were countless ghosts at the dockside when Nikita Khrushchev was escorted up the bay, and given the greatest police protection in history to sound off against the free world.

They included millions who had fled from the lands of Khrushchev and Kadar, Gomulka, Zhivkov and other Communistic satans of the old world to escape ruthlessness and find freedom in the United States. Above the voice of Khrushchev & Co. we seemed to hear them saying:

"We got no red carpet, no special attention, no guaranteed audiences. To us your Statue of Liberty spoke clearly 'Send those the homeless tempest-tossed, to me; I lift the lamp beside the golden door.'

"We were met by an fleet of Coast Guard boats or helicopters. We needed no police force to protect us. We preceded the dictators for generations. We knew no doubletalk. We had no good words for tyranny.

"We were fleeing despots. Our hearts beat faster as we neared the American shores. Nobody cheered or booed us. We expected neither. All we sought was liberty. We choked up with emotion as our ship neared port and we beheld the lights of America, where many before us had found happiness and the good life."

HARVARD INVITED KHRUSHCHEV to address it. The days have gone when it could depend on football for publicity this time of year. . . .

Soda and other soft drinks are already marketed in tin cans. Some day in the future all one may need is a can opener to get a banana split.

Georgie Jessel accompanied Harry Truman on a morning walkie-talkie. This could be a GOP plot to present impression of a comedy team. . Any bearded American on Manhattan Island feels pretty embarrassed these days.

A Los Angeles man put an ad in the classified columns reading: "I am responsible for all debts of my wife, present and future, and am delighted to be a provider for a woman who has borne two fine children, listened to my squawks and, with an overabundance of care, made my life happier." This is the best switch since a New England wife, replied to a husband's. "I WILL NOT be responsible for debts." by inserting this one: "This will certify that the big bum never supported me at any time in his life. I didn't leave his bed and board and haven't let the punk cross my threshhold in years. Every merchant in town knows my request to charge anything to him would be the joke of the year."

HAVING HIS OWN PROGRAM is a victory for Allen Funt after a long battle. He originated Candid Camera and ran it at intervals for the last five years in afternoons. This column always found it highly amusing and it's good to know it will be an airwave feature.

Castro has seized all American tobacco plants on the island. He did it swiftly so nobody could cry "Close, but no cigar."

An ambulance driver in Gotham has been found to have ignored 10 police tickets, issued bad checks for a couple of speeding fines and lied to the court about the facts. (Maybe he needs hospital treatment.) If punishment is adequate it may do something to rid ambulance drivers of the idea their duty in conveying sick and helpless to hospital is to imperil them further, injure a few people on the way and show defiance of speed laws, police, courts and public safety.

Cotton Corners

Dear Nephew: We have received and taken note of your letter moaning over the departure of your school children. Since they have been going to school so long they are now in post-graduate work, we should think you'd be used to saying goodbye.

Both of us, it happens, think you and your missus have rocks in your head when it comes to this matter. It is our belief that the inclination among humans to overpossess their young should be outlawed.

We are impressed with the way our various mother cats always have done everything to get their kittens started on the right path and then have made a clean break with them. Not only do they ignore the kittens but if one tries to get friendly with the old lady after it has been put on its own she will give it a mouthful of claws.

This is the rule throughout the rest of the animal kingdom. The only exception we have heard of is sheep, which not infrequently show attachment for their young long after the offspring are fully grown. But in view of the fact sheep are the world's dumbest domesticated animal, this is not convincing.

We can speak on this subject as experts, because you are the only child we ever raised and you weren't sure. You must admit, though, that we took good care of you.

Still, we never resented the inevitability of your attachment for other human beings and other interests. We did not try to possess you once you began to be aware of a world outside the walls of our house. We encouraged you to make excursions into the outside world when you were still knee-high to a grasshopper. Remember the time we put you on the train to spend a day on your own when you were in the 3rd grade? It wasn't easy, but we figured it was time for you to find out how it felt not to have an apron-string handy.

It was not until years later that we read what Philip Wylie had to say about the overpossessive and overprotection of the human young. We had the idea before he wrote about it. There was no "momism" in your upbringing, and though we cannot boast that you are a tribute to our success we at least can declare that you did not end up in a booby hatch or a reform school.

As you said not long ago you figured you had been a successful parent because your own children had passed their 21st birthdays with no criminal records, we figure we have something to point to when our pride and joy is starting down the sunset slope still on his feet with his chin still sticking out.

And if it's permissible to get mushy, we take pardonable pride in remembering that we were brought up, ourselves, in this school of thought and managed somehow to survive what now is more than a lifetime of living without buckling under the strain. Your aunt likes to point out that she was in charge of two brothers and a sister before she was 10, and I like to point out that my family threw me out when I was 14.

What would be cruelty today was necessity and common practice then, and you might wonder how we ever built a country with things like that going on. Go ahead and ask. One thing sure. If you lived to be 10 you weren't afraid of adversity. You hadn't seen an apron string for so long you thought it was to tie an apron, not to hang on.

Dry your tears and quit mooning. Your kids aren't crying about you, so why should you cry about them? Regards to all.

Japan Since The Crisis

By Raymond Moley

The Japanese nation and its dominant conservative party have survived the upheavals in June when President Eisenhower's visit was postponed.

But there is apprehension there, and among many Americans over here who understand Japan's problems, about the impact of that incident upon public opinion in the United States.

According to a sounding of American opinion by an expert agency, more than a half of Americans believe Japan to be an undependable ally. Only a third believe Japan to be a dependable friend. More than a half favor a decrease in American-Japanese trade, while only a tenth favor its increase.

This is most unfortunate in the light of our position in the Far East, our national security and our concern in preventing further expansion of Communist imperialism in Asia.

CONTRARY TO this pessimism among so many Americans, Japan as a nation, its dominant political leaders and its business community are not only very anxious to be our ally and friend but are convinced that continued and expanded trade is necessary to both nations.

The new prime minister, Hayato Ikeda, who succeeded Nobusuke Kishi, not only is determined to cement better relations with the United States but is likely to be able, with some sympathetic help from us, to make sure that the unfortunate disorders of June do not happen again.

His party, the Liberal Democrats, is at the moment firmly in the majority in the government. Recent local elections have shown an increased majority vote for that party.

The plan is to dissolve the Diet in October and to go to the country in a general election in November.

This will be in the nature of a vote of confidence which will enable the government to strengthen itself against such disorders as have threatened it in the past.

This confidence in the continuance of control by a party which is friendly to the United States seems to be well justified.

The socialist opposition not only is divided but is, as a party, in a very shaky position.

However, it is doubtful whether the conservative leaders are aware of the seriousness of the situation in their country.

The disturbances in June of this year against the security treaty with the United States and against the Kishi government, together with the riots in November 1958, were possible largely because the government is legally without the power to protect itself against alien subversion and internal disorders.

Those riots were largely inspired and financed by funds from Communist countries, Red China and probably the Soviet Union.

THE WEAKNESS in the government's police power is in turn due to the fantastic imposition of restraints by some of the bureaucrats in the American occupation.

The police system was practically shattered by laws imposed through the influence of the occupation. Japan was compelled completely to demilitarize itself. It has been helpless not only against foreign aggression but domestic subversion.

It has no real laws against subversion, no official secrets and an inadequate national police force. For example, the police know what funds are being smuggled in but have no power to arrest the people who are receiving and using them.

There is no adequate control of trade with Red China. That trade is used to provide funds for the people who are attempting to overthrow the government.

There will be a shipment of some commodity from China, for instance but the money which it brings stays in Japan and is turned over to the subversive apparatus.

That apparatus must be broken by a reform in the laws and the police administration must be made capable of enforcing such laws. Until that is done, conditions will still be uncertain.

GOP Chances Seen Good In West Virginia

By The Associated Press

Gov. Underwood is "very encouraged" about the prospects of the Nixon-Lodge ticket carrying West Virginia.

He said so Sunday in Hot Springs, Ark., at the Southern Governors Conference, where he was the lone Republican.

"I am frankly surprised by the amount of strength Henry Cabot Lodge has added to our ticket as the vice presidential nominee," Underwood said. "I think our ticket is a strong one and we have a good chance of carrying West Virginia."

He said he has had reports the Republicans have a good chance of winning in Texas, Virginia, North Carolina and Florida as well as West Virginia.

Back in West Virginia itself, Sen. Jennings Randolph, who is running against Underwood for the U. S. Senate, was telling a crowd at Summersville that the "present national administration...is famous for its 'no new stars' policy and its veto of public works bills in non-election years."

His speech was made at the ground-breaking ceremony for the Summersille Reservoir. There would not have been any such ceremony, he said, if Congress had not been able to force its will despite opposition from the administration.

"This vital project to provide storage for flood control...for low flow augmentation and conservation...for flood protection of the Kanawha Valley...and for reducing flood flow on the Ohio and Mississippi rivers...would still be in the 'planning' phase if your state's delegation in the 86th Congress had not successfully urged a $2 million appropriation in 1959 to begin construction this year," he said.

The Republican candidate for governor, Harold E. Neely, was resting at his home in Hinton, but he put out a statement, through which he announced that he had come "to the definite conclusion that what we need as much as anything else is a program of self-education leading to greater pride in our state."

He praised, as doing just that, a brochure recently published by the West Virginia Federation of Women's Clubs.

The Democrat running against Neely, W. W. Barron, said "our citizens will vote Democratic because they are fed up with the continual drifting and do-nothing attitude of the Republicans who, during the past several years, have failed miserably to face up to the demanding challenges of conditions in our state."

Barron was talking to an audience at a Jackson County rally.

Methodist Youth Rally Draws 115

Approximately 115 attended a Columbiana County Sub-District Senior High Methodist Youth Fellowship rally Sunday afternoon at the East Fairfield Methodist Church.

The theme was "The Elyria Methodist Home." Music was provided by the choir of the East Palestine Church, which used the same music presented several weeks ago at the Elyria Methodist Home For the Aged. The Rev. Thomas Hammerton, pastor of the East Palestine church, led singing.

The Rev. Carl Beighley, pastor of the Calvary Methodist Church, is district senior leader. Miss Kathy Mugridge of Lisbon is president and Mrs. George Rogers of Salem is sub-district councilor.

The next rally will be Nov. 27. The place will be announced later.

Policemen Watch, Nab Thieves In Post Office

CLEVELAND (AP) — Several men who broke into a branch post office in nearby Wickliffe late Sunday night were arrested by Wickliffe and Euclid police.

Tipped that the break-in was planned, officers, in contact with short-wave radios, watched as the men entered the post office and then caught the thieves red-handed. The burglars gave up without a struggle and were taken to the Wickliffe police station for questioning.

9 Enter Requests For Council's Seat

Nine applications were filed before the deadline Saturday at 4 p. m. for the post of Councilman Clinton R. Seevers, which he will vacate Friday to move to California.

Clerk Owen D. Kountz said 10 written applications were filed in all, but one of the applicants later telephoned him and asked that his name be withdrawn. In another instance, a citizen sent a letter "nominating" a friend for the post.

Council is scheduled to elect a new member-at-large at its meeting Oct. 3 to succeed Seevers, who will move to Norwalk, Calif. Seevers submitted his resignation Sept. 19. The unexpired term runs to Dec. 31, 1961.

GOP Chances Seen Good In West Virginia

By The Associated Press

Gov. Underwood is "very encouraged" about the prospects of the Nixon-Lodge ticket carrying West Virginia.

He said so Sunday in Hot Springs, Ark., at the Southern Governors Conference, where he was the lone Republican.

"I am frankly surprised by the amount of strength Henry Cabot Lodge has added to our ticket as the vice presidential nominee," Underwood said. "I think our ticket is a strong one and we have a good chance of carrying West Virginia."

He said he has had reports the Republicans have a good chance of winning in Texas, Virginia, North Carolina and Florida as well as West Virginia.

Back in West Virginia itself, Sen. Jennings Randolph, who is running against Underwood for the U. S. Senate, was telling a crowd at Summersville that the "present national administration...is famous for its 'no new stars' policy and its veto of public works bills in non-election years."

His speech was made at the ground-breaking ceremony for the Summersille Reservoir. There would not have been any such ceremony, he said, if Congress had not been able to force its will despite opposition from the administration.

"This vital project to provide storage for flood control...for low flow augmentation and conservation...for flood protection of the Kanawha Valley...and for reducing flood flow on the Ohio and Mississippi rivers...would still be in the 'planning' phase if your state's delegation in the 86th Congress had not successfully urged a $2 million appropriation in 1959 to begin construction this year," he said.

The Republican candidate for governor, Harold E. Neely, was resting at his home in Hinton, but he put out a statement, through which he announced that he had come "to the definite conclusion that what we need as much as anything else is a program of self-education leading to greater pride in our state."

He praised, as doing just that, a brochure recently published by the West Virginia Federation of Women's Clubs.

The Democrat running against Neely, W. W. Barron, said "our citizens will vote Democratic because they are fed up with the continual drifting and do-nothing attitude of the Republicans who, during the past several years, have failed miserably to face up to the demanding challenges of conditions in our state."

Barron was talking to an audience at a Jackson County rally.

Methodist Youth Rally Draws 115

Approximately 115 attended a Columbiana County Sub-District Senior High Methodist Youth Fellowship rally Sunday afternoon at the East Fairfield Methodist Church.

The theme was "The Elyria Methodist Home." Music was provided by the choir of the East Palestine Church, which used the same music presented several weeks ago at the Elyria Methodist Home For the Aged. The Rev. Thomas Hammerton, pastor of the East Palestine church, led singing.

The Rev. Carl Beighley, pastor of the Calvary Methodist Church, is district senior leader. Miss Kathy Mugridge of Lisbon is president and Mrs. George Rogers of Salem is sub-district councilor.

The next rally will be Nov. 27. The place will be announced later.

9 Enter Requests For Council's Seat

Nine applications were filed before the deadline Saturday at 4 p. m. for the post of Councilman Clinton R. Seevers, which he will vacate Friday to move to California.

Clerk Owen D. Kountz said 10 written applications were filed in all, but one of the applicants later telephoned him and asked that his name be withdrawn. In another instance, a citizen sent a letter "nominating" a friend for the post.

Council is scheduled to elect a new member-at-large at its meeting Oct. 3 to succeed Seevers, who will move to Norwalk, Calif. Seevers submitted his resignation Sept. 19. The unexpired term runs to Dec. 31, 1961.

Policemen Watch, Nab Thieves In Post Office

CLEVELAND (AP) — Several men who broke into a branch post office in nearby Wickliffe late Sunday night were arrested by Wickliffe and Euclid police.

Tipped that the break-in was planned, officers, in contact with short-wave radios, watched as the men entered the post office and then caught the thieves red-handed. The burglars gave up without a struggle and were taken to the Wickliffe police station for questioning.

Hall Stresses Role Of Youth For Jaycees

COLUMBUS, Ohio (AP) — The Republican national campaign leader stressed the growing importance of young people in the leadership of the United States and blasted the Democrats for running a "doom and gloom" campaign in a speech here Sunday.

Leonard W. Hall speaking before the Ohio Junior Chamber of Commerce, said that Republican presidential candidate Richard M. Nixon, who at 39 was called on to do more than any previous vice president, is a good example of how the United States is drawing on its young men and women for leadership

Hall, chairman of the two previous Republican campaigns and former Republican national chairman, said that Nixon has more experience to take on the duties of president than any candidate in history. He said Nixon, during his eight years as vice president, has been America's foremost ambassador of good will.

Hall denied what he called the Democratic assertion that the United States is a second-rate nation. He said that since the Republican Administration was elected in 1952, "we now have more people at work, who are saving more and spending more and enjoying all the good things of life."

He said Americans are enjoying those things under an administration that believes in the philosophy of private initiative and private enterprise.

The campaign chairman said U.S. education, science and technology lead the world, and "if anyone respects the United States, the Kremlin certainly does."

Hall said that if all the promises made in the Democratic platform were put into effect, it would cost American taxpayers $19 billion, and income taxes would increase 30 per cent.

"In Los Angeles," Hall said, "the Democrats adopted the strongest civil rights plank in history, and then they nominated Sen. Lyndon Johnson (as vice presidential candidate) to show they didn't mean it."

He said that Sen. John F. Kennedy, the Democratic presidential candidate, and Johnson are supposed to be running as a team. "But during the years they have been in the Senate together, they have voted on opposite sides 238 times."

6 From Area Attend Jaycee Conference

Four East Liverpool Jaycees and two from Wellsville attended the All-State conference over the weekend at Columbus. All were accompanied by their wives.

Local members attending were Mr. and Mrs. James Allison, president; Mr. and Mrs. Jack Hales, first vice president; Mr. and Mrs. R. Marks Forssell, a director, and Mr. and Mrs. Thomas Seevers.

Attending from Wellsville were Mr. and Mrs. Jack Lanam, president, and Mr. and Mrs. Larry Armstrong, state director.

Motorist Charged In Hancock Crash

A driver who said he fell asleep at the wheel was cited on charges of failure to have his auto under control in one of two weekend mishaps investigated by Hancock County sheriff's deputies.

Robert Burkholder of Pittsburgh said he lost control when he fell asleep while driving south on Route 66 in Newell Saturday at 11:35 p. m. Burkholder's auto strucked a parked 1959 coupe owned by Oden Plever of Tarentum, deputies said.

Another parked vehicle also was involved in the crash, deputies said.

In a second mishap Sunday at 2 a. m., Joseph Kanzius Jr., 41, of Lorain was cited on a charge of hazardous driving. Details of the mishap were incomplete, but deputies said the Kanzius auto struck a wrecker that was towing another car on Route 30.

Grand Jury

East Liverpool, charged with non-support, and Arthur L. McCune, 29, of 664 Riley Ave., East Liverpool, accused operating a motor vehicle without owners consent, both pleaded guilty and requested probation investigation.

Wilbert E. Grafton, 32, of 225 W. 7th St., East Liverpool, pleaded not guilty to sodomy and Carl Lee Hawk Jr., 20, of 1603 Main St., Wellsville, pleaded not guilty to auto theft.

A Lovers' Fair is held in Arlon, Belgium, on the first Thursday of January. It features a giant called "Hellechsman" who acts as matchmaker.

Motorist Cited After Mishap

A Wellsville motorist was injured and an East Liverpool driver was arrested for driving while under the influence of alcohol in two separate auto accidents early Sunday in Wellsville.

Arthur Little, 409 Johnson Pl., Wellsville, was arrested for reckless operation and driving without an operator's permit after the car which he was driving struck two parked cars at 9th and Commerce St. at 5:30 a. m. Sunday.

Both cars were owned by Herbert Moore, 900 Commerce St. John Maddox, also of 409 Johnson Pl., owner of the car and a passenger, suffered an injury to the right eye. He was treated at City Hospital.

Little was fined $25 each on the charges at a hearing this morning before Mayor William J. Shoub.

Levan Alderson, 319 Norton St., was arrested for drunk driving at 2 a. m. Sunday after his car struck a car owned by Frank Verzella, 709 Main St., Wellsville, parked in front of his home.

Alderson pleaded guilty at a hearing this morning and was fined $200 and costs and sentenced to three days in jail. David Moore, 812 Broadway, Wellsville, was fined $15 for reckless operation at a hearing this morning. He was cited Saturday afternoon, police said.

Kennedy

(Continued from Page One)

observers thought that estimate was high, with other guesses ranging upward from 80,000.

Ray T. Miller Sr., head of the county organization, called the turnout "the biggest any of us ever has seen in our lifetime."

He recalled an appearance here by President Franklin D. Roosevelt which drew a huge throng decades ago and said Sunday's crowd was much bigger.

Kennedy's appearance brought most of Ohio's top Democratic leaders together, but Sen. Frank J. Lausche, whose name was on the program, failed to show up.

Gov. Michael V. DiSalle was on hand, but his presence apparently did nothing to heal the rift between him and Miller. In his brief remarks, DiSalle said: "You have heard rumors of differences between Ray Miller and myself. In this case the rumors are true.

"I came here to tell you of the one area of agreement—that you should vote for all Cleveland Democratic candidates and give Sen. Kennedy a huge majority."

Sen. Stephen M. Young also spoke.

In a brief talk at a downtown hotel, Kennedy said "whoever carries the great industrial states of Ohio, Illinois, Pennsylvania, New Jersey and New York will be the next president."

"But it is a close, tight race, and the outcome may be decided by the extra effort you people here in Ohio put in."

Among some 2,000 persons who greeted Kennedy at Burke Lakefront Airport was former Republican Sen. George H. Bender.

"I'm not for him, but I can say hello to him, can't I?" Bender said as he got out of his car.

Kennedy flew back to Chicago immediately after his appearance here, but he flies to Ohio again at the conclusion of his television debate tonight with his opponent, Vice President Richard M. Nixon.

The senator is scheduled to arrive at Los Nation Airport in Willoughby at 1:30 a.m. Tuesday and spend the night at a motel near Painesville.

Tuesday he will tour Northeastern Ohio after a breakfast meeting at a restaurant near Painesville (Hellriegel's).

Kennedy told the crowd at Euclid Beach he intends to speak out despite criticism from Nixon, who has accused the senator of hurting this country's cause with his attacks on defense policies of the Administration.

If Americans are satisfied with current progress and think no greater effort is needed, he said, "than I want them to vote for Nixon."

"No, no," the crowd roared back.

Sen. Stephen M. Young also spoke.

In a brief talk at a downtown hotel, Kennedy said "whoever carries the great industrial states of Ohio, Illinois, Pennsylvania, New Jersey and New York will be the next president."

"But it is a close, tight race, and the outcome may be decided by the extra effort you people here in Ohio put in."

Among some 2,000 persons who greeted Kennedy at Burbo Lakefront Airport was former Republican Sen. George H. Bender.

"I'm not for him, but I can say hello to him, can't I?" Bender said as he got out of his car.

Kennedy flew back to Chicago immediately after his appearance here, but he flies to Ohio again at the conclusion of his television debate tonight with his opponent, Vice President Richard M. Nixon.

The senator is scheduled to arrive at Lee Nation Airport in Willoughby at 1:30 a.m. Tuesday and spend the night at a motel near Painesville.

Tuesday he will tour Northeastern Ohio after a breakfast meeting at a restaurant near Painesville (Helirisgel's).

Kennedy told the crowd at Euclid Beach he intends to speak out despite criticism from Nixon, who has accused the senator of hurting this country's route with his attacks on defense policies of the Administration.

If Americans are satisfied with current progress and think no greater effort is needed, he said, "than I want them to vote for Nixon."

"No, no," the crowd roared back.

Saundra Brown, L. R. Raub Wed At Emmanuel Church

The Emmanuel Presbyterian Church was the scene of the marriage of Miss Saundra Ruth Brown and Lawrence Ramaz Raub Saturday afternoon at 3 o'clock. The single-ring ceremony was performed by the Rev. M. Rudolph Miller, pastor of the Trinity United Presbyterian Church, and the Rev. Harry E. Bright of Cleveland, cousin of the bride.

The bride is the daughter of Mrs. Ruth Moninger Brown, 419 Thompson Ave., and her husband is the son of Mrs. Marie R. Raub of Ft. Lauderdale, Fla., and Dr. Lawrence G. Raub of Olean, N. Y.

Preceding the ceremony, Miss Janet Clymer of Euclid sang "I Love Thee," "Beloved It Is Morn" and "The Lord's Prayer." Organ wedding music was presented by Mrs. Jessie Hall Kaufman, who played "Trumpets Voluntary" for the processional. The altar was banked with ferns, palms and seven-branch candelabra.

The bride was given in marriage by her great-uncle, Howard Z. Moninger. Her floor-length gown of white velveteen was fashioned with a scoop neckline, elbow-length sleeves and bouffant skirt ending in a chapel train.

A white pleated cummerbund added back interest, ending in two white satin streamers, centered at the waist line with a brocade flower. Her shoulder-length veil of silk illusion was attached to a crown band of pearls. She carried a bouquet of white orchids on a white Bible.

Miss Susan Cates, cousin of the bride and daughter of Mr. and Mrs. W. H. Moninger of Calcutta, was maid of honor. Her street-length gown of gold velvet was fashioned with a round neckline, shirred bodice, elbow-length sleeves and full skirt. The waistline at the back was centered with a matching velvet flower. She wore a matching Dior bow and carried a bouquet of white roses and ivy tied with white satin ribbon.

Miss Barbara Pickin, cousin of the bride and daughter of Mr. and Mrs. William E. Pickin of Dairy Ln., was flower girl. Her matching gown of gold velvet featured a round neckline, short sleeves and full skirt. Her headpiece was a matching Dior bow and she carried a basket of rose petals trimmed with white rosebuds.

William E. Campbell of Olean was best man. Ushers were Donald B. Malcolm of Pittsburgh and Dale Cornelius of Erie.

The mother of the bride wore a sheath of taupe crepe with round neckline and three-quarter-length sleeves. A suit drape of contrasting brown silk taffeta was featured on the skirt. She chose brown accesories and a white orchid corsage.

MRS. L. R. RAUB
Bride In Single-ring Rites.

The bridegroom's mother wore an avocado green dress in peau de soie, fashioned with a scoop neckline, short sleeves and softly draped skirt. Her matching coat was trimmed with a soft mushroom collar which matched her accessories. Her corsage was a white orchid.

A reception for 50 was held at the Country Club. The buffet table was decorated with a bouquet of white roses and carnations flanked by silver candelabra.

The three-tier cake was topped with a miniature bridal couple. Guests were from Pittsburgh, Erie, Cleveland, Buffalo and Olean.

For traveling, the bride selected a sheath and matching jacket of rosebeige peau de soie with black accessories and her bridal orchid.

Following a honeymoon in the Pocono Mountains, the newlyweds will reside in Erie.

The bride was graduated from Knox School and Bowling Green State University. She holds a master's degree from the University of Pittsburgh and has been a secondary teacher in the East Liverpool and Euclid school systems.

Her husband was graduated from Olean High School and Cornell University, where he was affiliated with the Alpha Tau Omega Fraternity. He is with the sales and marketing division of the General Telephone Co. of Pennsylvania in Erie.

Car Industry Boosts Steel Buying Gait

CLEVELAND (AP)—Steel magazine reported this week that buying is picking up slowly mainly due to the automotive industry, which, however, is buying at a much later time of year than normally and in smaller lots.

Steel said there re a few signs of quickening activity in other directions.

Further gains are likely next month when automotive and appliance trades, among other metalworking industries, prepare for fourth quarter production campaigns.

The journal saw as an encouraging note a report by steel distributors of gains in shipments for the first time this year. Their August tonnage was three to five per cent better than July's, with improvement particularly noticeable the last 10 days of August and continuing into September.

Steel reported Robert G. Welch, executive vice president of Steel Service Center Institute, as saying the uptrend is definitely under way. Steel Service Center shipments in the first eight months of this year were about 25 per cent below the like period in 1959. But, added Welch, 1959 shipments were record-breaking because of the steel strike.

Following the settlement of strikes against the Pennsylvania Railroad and interplant roads of U.S. Steel, the national ingot rate, last week, went up almost a full percentage point to 53.9 per cent (1,537,000 net tons). That compares with 1,510,000 net tons the previous week.

Steelmakers insist, the magazine said, 1960 will be one of the better production years, pointing out that ingot output in the first eight months totaled 73.9 million tons, with operations averaging 74.4 per cent (based on 1960 rated capacity of 148.5 million tons). It is estimated that output for the year will exceed 106 million tons, which means average operations of about 71 per cent.

Steel reported scrap trading as sluggish with prices based largely on brokers' and dealers' views of the market.

Last week, Steel's composite on No. 1 heavy melting slipped another 33 cents a ton to $32.

Nixon Backs Education Aid

WASHINGTON (AP) — A broad program of federal aid to education, including college scholarships and money for building both public school and college classrooms, is advocated by Vice President Richard M. Nixon.

But he supported only indirect aid for teachers' salaries saying, "We must avoid the danger of rigid federal control over who teaches and what is taught in our public schools."

He said federal funds should be used to help build new public schools and to help local districts pay off bonded debt on new schools already built. He said the local money thus freed could be used to raise teachers' salaries.

Nixon's views were set forth Sunday night in the third of a series of "position papers" he is issuing during the election campaign to outline his views at length on various national issues.

Secretary of Welfare Arthur S. Flemming told newsmen Nixon's program "is the most practical you can get in terms of what you can get through Congress." He said many Congress members would support such a program who would oppose any direct federal aid to increase teachers' salaries.

But Sen. Joseph S. Clark, D-Pa. said in a statement that such a program lacking salary aid "continues to miss the most essential issue." He contended also that matching construction grants would attract state money away from teachers' salaries, rather than adding to the total available for that purpose.

He said that Nixon, in advocating aid for college classroom construction, is now supporting a Democratic program which President Eisenhower vetoed twice when it was included in general housing bills.

On that point, Nixon proposed that the present federal program of low-cost loans for college dormitory construction be "greatly expanded into a program of both loans and matching grants for classrooms and laboratories and libraries as well."

Elvis Now Sole Owner Of $100,000 Mansion

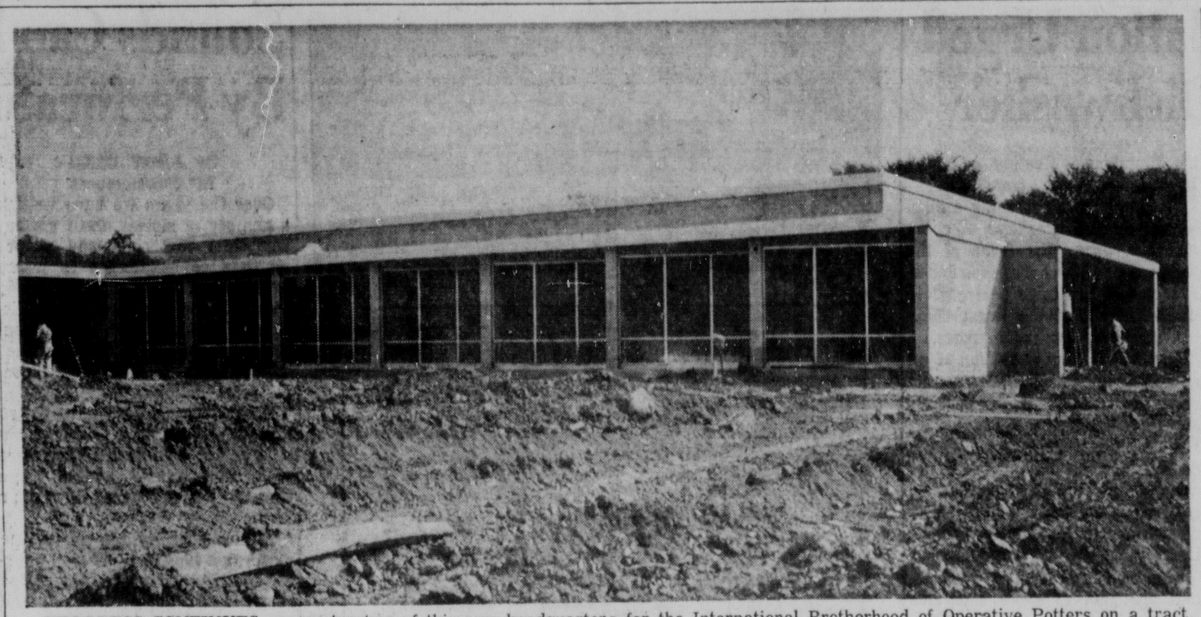

MEMPHIS (AP) — Elvis Presley is now sole owner of this $100,000 Memphis mansion, Graceland.

When the rock 'n' roll singer bought the place several years ago he included his father and his late mother in the deed.

Now, records show the property has been "quit claimed" to Elvis with his father, Vernon Presley, giving up his interest for $10 and "other good and valuable considerations."

Vernon Presley, 46, recently remarried. The quit claim removes him from any possible legal connection with the mansion.

The language of West Africa is Hausa, which is spoke by about 15 million people.

PROGRESS CONTINUES on construction of this new headquarters for the International Brotherhood of Operative Potters on a tract on Route 7 near Beaver Local High School. Most of the exterior work, with the exception of grading, has been completed. The Potters Construction Co. is the general contractor on the $337,000 project scheduled for completion early next year.

2 Youngsters Bitten By Pets

Two more children were bitten in Wellsville over the weekend, one by a cat and the other by a dog, raising to four the total that have been attacked in the last two weeks. Both were treated at City Hospital.

David Wasko, 7, son of Mr. and Mrs. Frank Wasko, 1201½ Main St., was bitten on the left middle finger by a cat, while Bradley Call, 9, son of John Call of Riverside Ave., was bitten on the right hand and thigh by a dog.

Bill Long of Nevada St., city dog warden, said he captured the cat which attacked the boy. "It definitely is sick," he said and is being confined to determine if it is rabid.

Long said the Wasko boy was playing at 12th and Main Sts. when the cat bit him. Another boy was bitten on the cheek by a cat Sept. 12 and has been taking rabies shots since.

A 15th St. boy was attacked by a dog while playing along the sidewalk on 14th St. last Tuesday. Long said he was notified Saturday night that another dog that had bitten a child chased another person along the sidewalk. The dog had been ordered confined, he said, and charges will probably be filed against the owner.

Long said he never has been able to find the cat which attacked the boy two weeks ago. He wanted to confine it to determine if it developed rabies.

Long pointed out that an animal will die within 10 days if it does have the disease. Long said he received seven calls Sunday from persons reporting stray dogs and cats. He said he has 9 dogs confined in the pound at Buckeye Ave. and 12th St.

He said there were 11 dogs released early Thursday morning by someone who ripped off the boards and literally tore the pound apart. Long said the situation is getting serious and warned residents that they must keep their pets confined to their own property.

2 Held For Theft; Burglary Probed

LISBON — Paul E. Totten, 28, of Minerva and Oren Freeman, 18, of Carrollton R. D. 1 are in the County Jail awaiting hearings today before County Judge James L. MacDonald for theft of gasoline early Sunday at the William's Sawmill on Tonwship Rd. 703 north of Bayard.

The two were apprehended by Deputy James Gause at 3:25 a.m. at the sawmill and were brought to the county jail.

Sheriff's deputies also are investigating a breaking and entering at the Blue Top Restaurant on Route 30, northwest of East Liverpool, sometime early Sunday.

Deputy Gause found glass in a side door of the building broken at 4:40 a.m. Investigation showed the juke box and cigarette machines broken into and an undetermined amount of money taken, along with over $106 worth of steaks, chops and other food.

Clifford Foultz of Wellsville, owner, estimated the value of the food taken.

Sickness Delays Trial For Mother

CLEVELAND (AP)—Because of the illness of Juvenile Judge Margaret J. Spellacy, the child neglect trial of Lillian Fratantonio, mother of the "sleeping beauty" girls, was interrupted today.

Judge Spellacy, 38, entered Lakewood Hospital Sunday. Her family said pleurisy followed a case of pneumonia Judge Spellacy suffered six weeks ago.

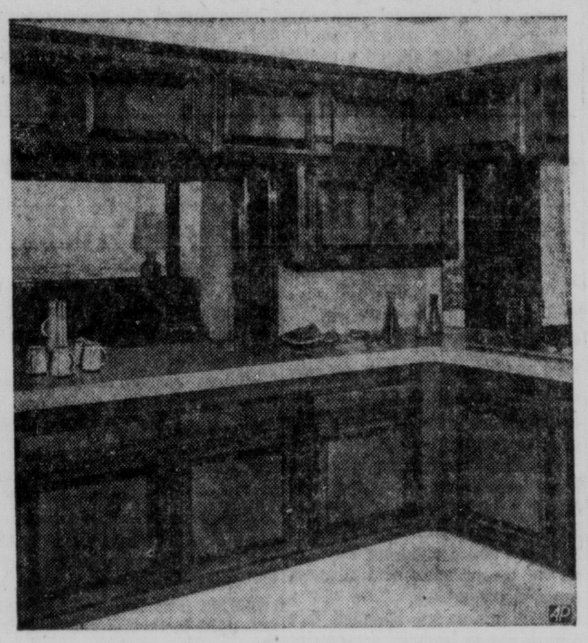

Her father, William L. Spellacy, said he thought the judge would "be back to work before the week is out."

Mrs. Fratantonio is accused of mistreating her children, Bernadette, 3, and Venita, 5, by feeding them barbiturates, which kept them in a state of coma for long periods.

A statement to police, in which Mrs. Fratantonio allegedly told of giving the children barbiturates, has been admitted as evidence by the court. Mrs. Fratantonio, 29, contends the statement was given under duress and denies she drugged her children.

The trial started last Monday in juvenile court, which has custody in such cases.

New Kitchens Combine The Old-Modern Look

THE TRADITIONAL LOOK. Cabinets of stained and rubbed oak, yellow appliances, yellow tile, gas range has a rotary broiler.

By VIVIAN BROWN
AP Newsfeatures Writer

The old - fashioned look in kitchens is making a comeback.

Kitchen appliances are up to date to be sure and new colors are vivid, but the traditional look is the aim of many homemakers who are redecorating or moving into new homes.

Dull - finished wooden cabinets have been popular for a few years and now there is a growing trend to the hand - rubbed hand - crafted look in cabinets.

Colorful effects are achieved with tiles, culinary ware, old wall art such as reproductions of antique cookie cutters. The sterile looking kitchen is definitely passe.

Exotic colors in ceramic tile are making decoration news. Violet, regal blue, tangerine are some of the new hues that are providing inspiration in color schemes. There are new additions in the pink and red group — cherry and vermilion.

Decorated tiles include star designs with insets suggesting jewels, popular where an Oriental feeling is desired.

There is also a tufted tile with a concave center that creates a quilted effect on the wall. Sheets of these tiles may be installed with adhesive or mortar. Tiles are being combined with glass for interesting effects with light.

Many of the hand-rubbed cabinets are made of oak or are veneered woods. The handcrafted look is accomplished with a desired stain, sanding and rubbing. Its patina grows with time as it is polished.

The trend to the old-fashioned look in cabinets has brought the hand-rubbed sawbuck table back to many kitchens.

These tables are ideal for many occasions, luncheon and dinner with the children, the late supper for the man of the house. When the family cannot eat together the dining room doesn't need to be disturbed.

A homey look is what everyone desires in the kitchen. It gives the cook a desire to spend more time there.

The combinations of the modern effects in colorful accessories and vivid wall tiles doesn't detract from the look, but rather enhances it. The old - fashioned kitchen was a work of art but frequently it was drab. Modern techniques blending the old and new can produce some terrific effects.

Lighter woods are combined with bayberry green, mist and willow green, sandalwood and spice tiles.

Darker woods are enriched by some of the brilliant tiles such as tangerine.

Homemakers who have an odd piece of equipment, such as a white washing machine, with new colored appliances have in many instances found appliance people in their community who make a specialty of spraying the old equipment to match the new color scheme. These are hard-to-tell from the rest of the equipment, if the job is done properly.

Debris Left By Bathers Returned 'With Care'

COLD SPRING HARBOR, N. Y. (AP) — Bathers left their boat to picnic on the Crossman private beach. They left empty beer cans among the debris, plus an envelope and a magazine cover with their address. The owner collected the debris, packaged it neatly and on the outside wrapper wrote "Handle With Care."

Inside a note said: "You left this on my beach. I thought maybe you had forgotten something."

Cat Knows Where Next Meal Might Come From

DARLINGTON, S. C. (AP) — Mrs. M. W. Arnold of Darlington has a cat which is not one to worry about where its next meal might come from.

When Mrs. Arnold built a bird feeder near her kitchen window, the pet cat took up immediate residence there.

Varnish To Help Guard Driftwood

AP Newsfeatures

Question: While on vacation, our children collected some very excellent pieces of driftwood which we plan to use in various ways around the house. Can you tell us whether this can be varnished to preserve its appearance?

Answer: Yes, driftwood takes varnish very nicely. Be sure you like the slightly darker tone the varnish will give it. Try it out first on a small piece of the driftwood, which should be sanded lightly before the varnish is applied.

Question: The other day I discovered a little pile of sawdust on the ground by one of the porch supports of our house. Is this caused by termites?

Answer: We'll assume that no one in your family did any sawing in that area and thus produced the sawdust.

If that assumption is correct, the sawdust may have resulted from the work of carpenter ants. Unlike termites, they don't consume the wood but bore into it, leaving the sawdust outside. Examine the porch support very closely and see whether there are tiny, slit-like holes in it. If there are, better get an exterminator quickly.

New Potatoes Go To Market

Locally-grown potatoes are of excellent quality and in good supply at local markets this week, according to Richard Skinner, market information agent with the Agricultural Extension Service.

There are more potatoes eaten than any other vegetable, he said. When buying potatoes, consumers should look for cleanliness, firmness and potatoes with few defects, he added. You can expect to pay 59 cents for 15 pounds of good quality potatoes. In most instances, the larger the quantity purchased the better buy you will get.

Other vegetables which offer good buys this week are squash, cauliflower, egg plant, green beans and cabbage. There is a large supply of peppers on the market. Both red and green peppers of all sizes are available for those who plan to make relishes.

Apples and grapes offer the most economical buy in fruit now, Skinner said. Red and Golden Delicious, Jonathan, McIntosh and Cortland are all good eating apples. The McIntosh and Cortland are very good sauce apples.

Concord and Niagara are the two most common varieties of locally-grown grapes available. The Concord, a blue-black grape, is good for juice, jelly or jam. The Concord accounts for 70 per cent of Ohio's 18,600 tons of grapes. The Niagara is a greenish white grape.

There are a few late peaches remaining on the market. There is a lighter than usual crop of pears this year. However, there are some good quality pears available.

Because pork demand is low you may find fresh ham and rib end roasts good choices. Fryers will continue to be featured in many areas.

Exotic colors in ceramic tile are making decoration news. Violet, regal blue, tangerine are some of the new hues that are providing inspiration in color schemes. There are new additions in the pink and red group — cherry and vermilion.

Decorated tiles include star designs with insets suggesting jewels, popular where an Oriental feeling is desired.

There is also a tufted tile with a concave center that creates a quilted effect on the wall. Sheets of these tiles may be installed with adhesive or mortar. Tiles are being combined with glass for interesting effects with light.

Many of the hand-rubbed cabinets are made of oak or are veneered woods. The handcrafted look is accomplished with a desired stain, sanding and rubbing. Its patina grows with time as it is polished.

The trend to the old-fashioned look in cabinets has brought the hand-rubbed sawback table back to many kitchens.

These tables are ideal for many occasions, luncheon and dinner with the children, the late supper for the man of the house. When the family cannot eat together the dining room doesn't need to be disturbed.

A homey look is what everyone desires in the kitchen. It gives the cook a desire to spend more time there.

The combinations of the modern effects in colorful accessories and vivid wall tiles doesn't detract from the look, but rather enhances it. The old - fashioned kitchen was a work of art but frequently it was drab. Modern techniques blending the old and new can produce some terrific effects.

Lighter woods are combined with bayberry green, mist and willow green, sandalwood and spice tiles.

Darker woods are enriched by some of the brilliant tiles such as tangerine.

Homemakers who have an odd piece of equipment, such as a white washing machine, with new colored appliances have in many instances found appliance people in their community who make a specialty of spraying the old equipment to match the new color scheme. These are hard-to-tell from the rest of the equipment, if the job is done properly.

Debris Left By Bathers Returned 'With Care'

COLD SPRING HARBOR, N. Y. (AP) — Bathers left their boat to picnic on the Crossman private beach. They left empty beer cans among the debris, plus an envelope and a magazine cover with their address. The owner collected the debris, packaged it neatly and on the outside wrapper wrote "Handle With Care."

Inside a note said: "You left this on my beach. I thought maybe you had forgotten something."

Cat Knows Where Next Meal Might Come From

DARLINGTON, S. C. (AP) — Mrs. M. W. Arnold of Darlington has a cat which is not one to worry about where its next meal might come from.

When Mrs. Arnold built a bird feeder near her kitchen window, the pet cat took up immediate residence there.

Varnish To Help Guard Driftwood

AP Newsfeatures

Question: While on vacation, our children collected some very excellent pieces of driftwood which we plan to use in various ways around the house. Can you tell us whether this can be varnished to preserve its appearance?

Answer: Yes, driftwood takes varnish very nicely. Be sure you like the slightly darker tone the varnish will give it. Try it out first on a small piece of the driftwood, which should be sanded lightly before the varnish is applied.

Question: The other day I discovered a little pile of sawdust on the ground by one of the porch supports of our house. Is this caused by termites?

Answer: We'll assume that no one in your family did any sawing in that area and thus produced the sawdust.

If that assumption is correct, the sawdust may have resulted from the work of carpenter ants. Unlike termites, they don't consume the wood but bore into it, leaving the sawdust outside. Examine the porch support very closely and see whether there are tiny, slit-like holes in it. If there are, better get an exterminator quickly.

New Potatoes Go To Market

Locally-grown potatoes are of excellent quality and in good supply at local markets this week, according to Richard Skinner, market information agent with the Agricultural Extension Service.

There are more potatoes eaten than any other vegetable, he said. When buying potatoes, consumers should look for cleanliness, firmness and potatoes with few defects, he added. You can expect to pay 59 cents for 15 pounds of good quality potatoes. In most instances, the larger the quantity purchased the better buy you will get.

Other vegetables which offer good buys this week are squash, cauliflower, egg plant, green beans and cabbage. There is a large supply of peppers on the market. Both red and green peppers of all sizes are available for those who plan to make relishes.

Apples and grapes offer the most economical buy in fruit now, Skinner said. Red and Golden Delicious, Jonathan, McIntosh and Cortland are all good eating apples. The McIntosh and Cortland are very good sauce apples.

Concord and Niagara are the two most common varieties of locally-grown grapes available. The Concord, a blue-black grape, is good for juice, jelly or jam. The Concord accounts for 70 per cent of Ohio's 18,600 tons of grapes. The Niagara is a greenish white grape.

There are a few late peaches remaining on the market. There is a lighter than usual crop of pears this year. However, there are some good quality pears available.

Because pork demand is low you may find fresh ham and rib end roasts good choices. Fryers will continue to be featured in many areas.

Proper Installation Urged For Electric Dishwasher

CHICAGO — Of all the automatic appliances in the home, the electric dishwasher is one of the most useful and popular.

An automatic dishwasher not only saves time and eliminates one of the most unpleasant household tasks, but it does a far better job of washing dishes than can be done by hand.

An automatic dishwasher sprays once, thoroughly washes twice and rinses twice. A dishwasher cleans the dishes with water at 145 degrees or more to make sure that they are hygienically clean. This is hotter than the hands can stand, the Plumbing - Heating - Cooling Information Bureau points out.

Another reason for using a dishwasher is less breakage of china and glassware. The force of the water and the way it is distributed over the dishes is so perfected in dishwashers that the finest china can safely be washed in them.

For the efficient operation of an automatic dishwasher, correct installation is very important. It is suggested that the householder, who is interested in an automatic dishwasher, get the advice of an experienced plumbing and heating contractor on the selection of a dishwasher, on its location, and the installation.

Plumbing and heating contractors are glad to make estimates without charge and to arrange for the financing.

Caring For New House Will Test Bride's Skill

By VIVIAN BROWN
AP Newsfeatures Writer

Memo to the new bride: Housekeeping jitters are par for the course in the fall, so don't hesitate to ask those with know-how how to solve them.

The first few months in a new home are dreamy — superficial cleaning is all that is required. Then one day you notice the gloss has been dulled and your enchanted cottage or apartment requires some elbow grease.

Many brides are hemmed into a work box by wedding presents of thoughtful relatives. Weed out those bottlenecks that are dust collectors and work projects in the interest of progress.

Your own choice of furnishings could have been unwise. Frilly curtains are charming, but if you live in a sooty area, find some replacements at the window. If a plastic runner is necessary over that light-colored carpet, use it. Remove it when you are entertaining.

Many a first spat for newlyweds occurs over the placement of furniture. Does the man of the house crash into the jutting corner of that end table every time he gets out of bed in the dark?

Is there a good size ash-tray convenient to his favorite chair to save the rug, table and his disposition? Is everything in your living room so precious that he feels uncomfortable in it? If so, change it while you have a chance to make it seem like home. When he complains about a little inconvenience, he's not talking. It counts with him.

What about a reading light in the bedroom? A man who has been accustomed to reading before he falls off to sleep, will need a good light for that purpose, even if it spoils the look of your headboard.

Purdue Univesity home furnishings specialists suggest ample light over the bed for each reader, the placement of light above the bed about 20 inches from the mattress.

Choose newer items in cleaning equipment, if possible. These double up in efficiency, and help cut down on chores. A new floor cleaner that combines scrubber and waxer can do all scrubbing jobs such as tile, wood, linoleum, and also can apply wax and polish to gleaming highlights.

Modern vacuum cleaners have been designed for easier use of accessories, and a jiffy house cleaning.

You can vacuum draperies, upholstery, bookshelves and even ash trays, so that it is the easiest chore of all. A room will look spic and span in a few minutes, and a big cleaning chore is avoided by removing dust that could become imbedded in fabrics and crevices. The suction gadget for room corners, window frames, shelves is a time saver in itself.

Homemakers queried on the subject say the best time to work is in the morning. One is likely to have more energy then, they point out, and chores will not be hanging over for a long time, making tasks more difficult to face as the day wears on.

These experienced homemakers suggest (1) cleaning one room thoroughly each day, (2) keeping ahead of closets (never put anything into one, unless it belongs), (3) cleaning the oven each day, (4) disposing of objects that cease to be useful, (5) avoiding clutter by saving the minimum of jars, bottle tops, corks, paper bags, string and other paraphernalia that is useful within a given space of time.

Here Are Checkpoints For Proper Windows

"Home buyers like bright interiors, pleasant outdoor views and attractive, accessible patios. Windows are the key to daylight and beauty in the home," says Practical Builder, a magazine for professional builders.

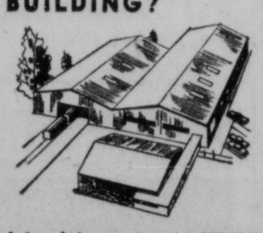

Since windows are a strategic part of the house, often forming a complete wall, they should be chosen with care. Practical Builder cites the following checkpoints for good window planning.

Will the windows be easy to clean? Easy to operate? Are they weathertight when closed and will they keep rain out when open? How about insulating qualities—do they need single or double panes? Should they be positioned high or low on the wall?

Sounds Can Be Deadened By Perforated Hardboard

By ANDY LANG
AP Newsfeatures

Over the years we have written a number of stories about various acoustical materials and proper methods of installation to insure satisfactory sound absorption.

But we have bypassed any discussion of hardboard in this connection because its dense surface hardly lends itself to the deadening of sound.

Now, however, tests have shown that it is possible to take advantage of the high-impact resistance of hardboard and at the same time reduce the noise in your home.

This is done by the use of the perforated type of hardboard backed by sound-absorbing batts. The sound enters the perforations and is smothered by the insulation.

Panels of perforated board are already popular for hanging tools, displaying kitchen utensils, supporting shelves and the like.

Special metal clips are available which fit snugly into the perforations and enable items of various sizes and shapes to be hung.

These panels can be purchased in the standard 4 by 8 (feet) size or smaller sheets. They also can be bought flat and smooth or flat with various grooved patterns or corrugated.

For acoustical purposes, the hardboard is usually backed by a 2-inch layer of fiber glass, rock wool or wood fiber insulation. It may be put up directly over studs which are properly aligned or, in the case of existing walls, over furring strips. Similarly, it can be applied to ceilings.

One of the big features of hardboard is the fact that its hard surface resists dents and thus is of special advantage in rooms where the walls might otherwise be damaged by children's toys, furniture, etc. Its surface can be cleaned easily.

In some installations, the light and dark brownish tones of hardboard are considered satisfactory and are not painted. In kitchens or other areas where a particular decor is important, the hardboard is painted.

Flat paints, semi-gloss or gloss enamels may be used. Rollers are generally preferable when using the perforated type of hardboard, since they have less tendency to clog the holes.

Because hardboard is a product of wood chemistry, it may be worked, cut or drilled like wood. It does not chip or splinter and has no grain to rise and mar the appearance.

Keep In Trim

Dieter Puzzled By Failure To Lose

"The last 4 weeks I have not lost an ounce. Some days I've even gained a half pound, which would be gone the following day. I'm determined to lose this excess weight, 40 more pounds, but at this point I need help desperately.

By Ida Jean Kain

"The first week I lost five pounds; second week, two pounds. It was two and a half weeks before I lost any more weight, and then it was only two pounds. Now, nothing. It's most disheartening."

On the calorie arithmetic score, weight should go down in exact accord with the calories used but not included in your daily fare. In short, your calorie deficit should guarantee a consistent rate of weight loss. However, a plot of weight loss on a graph always resembles rickety stair steps. This is due to the fluctuation of water retention in the system.

—:—

YOU KNOW HOW to reduce. You know full well which foods are fattening. But perhaps what you do not know is how the body loses fat ... that is, the actual process by which excess fat is metabolized. This knowledge can give you needed staying power.

Fat is stored in the body in individual fat cells ... millions of them. Picture it this way. Each cell contains a droplet of fat. As the body uses fuel from this stored fat, the droplet in some of the cells gets smaller.

When the space in the fat cells is taken up — displaced — by water, no reduction in weight is registered on the scales. In fact, sometimes the pointer goes up a bit ... calorie subtraction to the contrary.

You all know the way fat rises to the surface in cooking and floats on the top, as in a kettle of soup. That's because fat weighs less than water.

From this it is easy to figure that when the body is temporarily replacing lost fat with water, the pointer on the scales couldn't show a loss, even though you are on your low calorie diet.

When millions of cells are displacing fat with water, it is understandable why nothing happens on the scales during this aggravating period. Be alert to the fact that this can happen at any time during the reducing course ... in fact, not once but many times.

—:—

WHAT TO DO? Make sure to have a protein food at each of the three meals ... for a high protein intake helps to counteract water retention. Do not oversalt food ... use the least you like, not the most. Take some exercise ... walking or calisthenics, or both, and you will continue to lose inches.

Most important ... realize this weight plateau is a part of nature's plan ... perhaps a way of establishing your weight at this lower level.

Send a long, self - addressed, stamped envelope for "Hunger Control Diet." Address your request to Ida Jean Kain, in care of this newspaper. Postcard requests cannot be answered.

Social Security's Changes Will Add 25,000 To Rolls

One of the phases of the 1960 Social Security amendments does not affect a large number of people, but is most important to those whom it does affect.

About 25,000 people — widows, aged dependent parents, and disabled children 18 and over — the survivors of workers who died before 1940, now will be able to collect monthly Social Security benefits.

Originally, the Social Security law provided benefits only for retired workers. The law was changed in 1939 to make benefits payable to the survivors and dependents of workers, but until the 1960 amendments, no monthly benefits were provided for the survivors of workers who died before 1940.

Under the new law, payments can be made to the widows of workers who died after March 31, 1938, and before January 1, 1940; to their aged dependent parents, and to their disabled sons and daughters.

To qualify for benefits a widow or dependent mother of a worker who died before 1940 must be 62 or over. A dependent father must be 65 or over. A disabled son or daughter must have a disability so severe that it keeps him or her from doing any "substantial gainful work." Also, the disability must have begun before the child reached his 18th birthday.

Caring For New House Will Test Bride's Skill

By VIVIAN BROWN
AP Newsfeatures Writer

Memo to the new bride: Housekeeping jitters are par for the course in the fall, so don't hesitate to ask those with know-how how to solve them.

The first few months in a new home are dreamy — superficial cleaning is all that is required. Then one day you notice the gloss has been dulled and your enchanted cottage or apartment requires some elbow grease.

Many brides are hemmed into a work box by wedding presents of thoughtful relatives. Weed out those bottlenecks that are dust collectors and work projects in the interest of progress.

Your own choice of furnishings could have been unwise. Frilly curtains are charming, but if you live in a sooty area, find some replacements at the window. If a plastic runner is necessary over that light-colored carpet, use it. Remove it when you are entertaining.

Many a first spat for newlyweds occurs over the placement of furniture. Does the man of the house crash into the jutting corner of that end table every time he gets out of bed in the dark?

Is there a good size ash-tray convenient to his favorite chair to save the rug, table and his disposition? Is everything in your living room so precious that he feels uncomfortable in it? If so, change it while you have a chance to make it seem like home. When he complains about a little inconvenience, he's not talking. It counts with him.

What about a reading light in the bedroom? A man who has been accustomed to reading before he falls off to sleep, will need a good light for that purpose, even if it spoils the look of your headboard.

Purdue University home furnishings specialists suggest ample light over the bed for each reader, the placement of light above the bed about 30 inches from the mattress.

Choose newer items in cleaning equipment, if possible. These double up in efficiency, and help cut down on chores. A new floor cleaner that combines scrubber and waxer can do all scrubbing jobs such as tile, wood, linoleum, and also can apply wax and polish to gleaming highlights.

Modern vacuum cleaners have been designed for easier use of accessories, and a jiffy house cleaning.

You can vacuum draperies, upholstery, bookshelves and even ash trays, so that it is the easiest chore of all. A room will look spic and span in a few minutes, and a big cleaning chore is avoided by removing dust that could become imbedded in fabrics and crevices. The suction gadget for room corners, window frames, shelves is a time saver in itself.

Homemakers queried on the subject say the best time to work is in the morning. One is likely to have more energy then, they point out, and chores will not be hanging over for a long time, making tasks more difficult to face as the day wears on.

These experienced homemakers suggest (1) cleaning one room thoroughly each day, (2) keeping ahead of closets (never put anything into one, unless it belongs), (3) cleaning the oven each day, (4) disposing of objects that cease to be useful, (5) avoiding clutter by saving the minimum of jars, bottle tops, corks, paper bags, string and other paraphernalia that is useful within a given space of time.

Here Are Checkpoints For Proper Windows

"Home buyers like bright interiors, pleasant outdoor views and attractive, accessible patios. Windows are the key to daylight and beauty in the home," says Practical Builder, a magazine for professional builders.

Since windows are a strategic part of the house, often forming a complete wall, they should be chosen with care. Practical Builder cites the following checkpoints for good window planning.

Will the windows be easy to clean? Easy to operate? Are they weathertight when closed and will they keep rain out when open? How about insulating qualities—do they need single or double panes? Should they be positioned high or low on the wall?

Sounds Can Be Deadened By Perforated Hardboard

By ANDY LANG
AP Newsfeatures

Over the years we have written a number of stories about various acoustical materials and proper methods of installation to insure satisfactory sound absorption.

But we have bypassed any discussion of hardboard in this connection because its dense surface hardly lends itself to the deadening of sound.

Now, however, tests have shown that it is possible to take advantage of the high-impact resistance of hardboard and at the same time reduce the noise in your home.

This is done by the use of the perforated type of hardboard backed by sound-absorbing batts. The sound enters the perforations and is smothered by the insulation.

Panels of perforated board are already popular for hanging tools, displaying kitchen utensils, supporting shelves and the like.

Special metal clips are available which fit snugly into the perforations and enable items of various sizes and shapes to be hung.

These panels can be purchased in the standard 4 by 8 (feet) size or smaller sheets. They also can be bought flat and smooth or flat with various grooved patterns or corrugated.

For acoustical purposes, the hardboard is usually backed by a 2-inch layer of fiber glass, rock wool or wood fiber insulation. It may be put up directly over studs which are properly aligned or, in the case of existing walls, over furring strips. Similarly, it can be applied to ceilings.

One of the big features of hardboard is the fact that its hard surface resists dents and thus is of special advantage in rooms where the walls might otherwise be damaged by children's toys, furniture, etc. Its surface can be cleaned easily.

In some installations, the light and dark brownish tones of hardboard are considered satisfactory and are not painted. In kitchens or other areas where a particular decor is important, the hardboard is painted.

Flat paints, semi-gloss or gloss enamels may be used. Rollers are generally preferable when using the perforated type of hardboard, since they have less tendency to clog the holes.

Because hardboard is a product of wood chemistry, it may be worked, cut or drilled like wood. It does not chip or splinter and has no grain to rise and mar the appearance.

Keep In Trim

By IDA JEAN KAIN

Dieter Puzzled By Failure To Lose

"The last 4 weeks I have not lost an ounce. Some days I've even gained a half pound, which would be gone the following day. I'm determined to lose this excess weight, 40 more pounds, but at this point I need help desperately.

Ida Jean Kain

"The first week I lost five pounds; second week, two pounds. It was two and a half weeks before I lost any more weight, and then it was only two pounds. Now, nothing. It's most disheartening."

On the calorie arithmetic score, weight should go down in exact accord with the calories used but not included in your daily fare. In short, your calorie deficit should guarantee a consistent rate of weight loss. However, a plot of weight loss on a graph always resembles rickety stair steps. This is due to the fluctuation of water retention in the system.

—:—

YOU KNOW HOW to reduce. You know full well which foods are fattening. But perhaps what you do not know is how the body loses fat . . . that is, the actual process by which excess fat is metabolized. This knowledge can give you needed staying power.

Fat is stored in the body in individual fat cells . . . millions of them. Picture it this way. Each cell contains a droplet of fat. As the body uses fuel from this stored fat, the droplet in some of the cells gets smaller.

When the space in the fat cells is taken up — displaced — by water, no reduction in weight is registered on the scales. In fact, sometimes the pointer goes up a bit . . . calorie subtraction to the contrary.

You all know the way fat rises to the surface in cooking and floats on the top, as in a kettle of soup. That's because fat weighs less than water.

From this it is easy to figure that when the body is temporarily replacing lost fat with water, the pointer on the scales couldn't show a loss, even though you are on your low calorie diet.

When millions of cells are displacing fat with water, it is understandable why nothing happens on the scales during this aggravating period. Be alert to the fact that this can happen at any time during the reducing course . . . in fact, not once but many times.

—:—

WHAT TO DO? Make sure to have a protein food at each of the three meals . . . for a high protein intake helps to counteract water retention. Do not oversalt food . . . use the least you like, not the most. Take some exercise . . . walking or calisthenics, or both, and you will continue to lose inches.

Most important . . . realize this weight plateau is a part of nature's plan . . . perhaps a way of establishing your weight at this lower level.

Send a long, self - addressed, stamped envelope for "Hunger Control Diet." Address your request to Ida Jean Kain, in care of this newspaper. Postcard requests cannot be answered.

Social Security's Changes Will Add 25,000 To Rolls

One of the phases of the 1960 Social Security amendments does not affect a large number of people, but is most important to those whom it does affect.

About 25,000 people — widows, aged dependent parents, and disabled children 18 and over — the survivors of workers who died before 1940, now will be able to collect monthly Social Security benefits.

Originally, the Social Security law provided benefits only for retired workers. The law was changed in 1939 to make benefits payable to the survivors and dependents of workers, but until the 1960 amendments, no monthly benefits were provided for the survivors of workers who died before 1940.

Under the new law, payments can be made to the widows of workers who died after March 31, 1939, and before January 1, 1940, to their aged dependent parents, and to their disabled sons and daughters.

To qualify for benefits a widow or dependent mother of a worker who died before 1940 must be 62 or over. A dependent father must be 65 or over. A disabled son or daughter must have a disability so severe that it keeps him or her from doing any "substantial gainful work." Also, the disability must have begun before the child reached his 18th birthday.

LOCKPORT, N. Y. (AP) — His station wagon is becoming a repository for other people's purchases, Douglas Stuart complained to police.

Stuart said he located the owner of the groceries. Now he'd like to find the owner of the rope and tool.

All Can Be 'Well' In Country With Taking Of Proper Steps

CHICAGO — During National Home Week, Sept. 24 to Oct. 2, you may find just the house you've always wanted to build yourself on a secluded, wooded spot in the country.

That means it would be beyond city water mains. The house would, of course, be full of comforts and conveniences, many of which depend entirely on an adequate supply of water. And that means a plentiful private water supply.

Here are some suggestions offered by the National Water Well Association to help you get a well that will supply ample water for both present and future demands:

A.—Total up the number of gallons you'll need every day for all uses. Be sure to include the dishwasher and clothes washer, allowing also for bathing demands, the heating system (if it's a hydronic or hot water system), garden-watering and even a swimming pool in your future. You must know how much water you'll need in order for the water systems dealer to determine what size of pump will be required.

B.—Ask your neighbors - to - be about the water table in the area where you plan to build. Their experience in getting plenty of water can be very helpful.

C.—See your county agent or health authority to find out what regulations apply to well construction, well location and housing of the well.

D.—Select your well drilling contractor carefully. Hire one with a business-like approach to his work. Ask that he give you an accurate log of the well when the job's completed. Your well drilling contractor should also provide you full-coverage liability insurance.

E.—Chlorinate the well before you use it — and always after any repair work. To make certain the well remains safe, check the bacterial count frequently. Ask your well-drilling contractor the procedure to follow in doing this.

Members of the National Water Well Association have endorsed a Code of Ethical Practices that guarantees you the most satisfactory results.

Basement Pipes A Problem? These Suggestions May Help

By DOUGLAS TUOMEY
Written For Bell Syndicate

Home owners all over the country are making use of their basements or cellars for recreation rooms or other useful areas.

As a rule the lower edge of the cellar beams will be high enough for good headroom, but the heating or water supply pipes usually present a problem as they are hung beneath the beams; sometimes several inches lower.

While it is often possible to box in the lines when they are close to the walls, many houses have the lines run across the basement ceiling in mid - center or far from any of the walls. In these cases it is practically useless to put up a finished ceiling and have the pipe lines exposed, even though there might be sufficient headroom.

If the pipe lines are flexible copper tubing, holes can be bored through the beams and the lines run through them. This means that a minimum of work is required as it involves the making of only two new connections.

If the pipe is rigid brass or iron pipe, the best solution is to notch out the lower edge of the beams, set the pipes in the notch and nail up a short piece of iron hanger strip to keep them in place.

In connection with notching out the beams, it should be kept in mind that the notch be as shallow as possible to avoid weakening the members.

A 2-by-10 beam which is notched two inches will be reduced in strength to that of a 2-by-8 beam. The owner should consult the tables of allowable spans for wood members before starting the project. These usually can be seen at any lumber yard or building supply dealers office. In cases where there is doubt about the strength of a beam after it has been notched, the owner can put a splice above the notches.

Highway Heads Air Winter Maintenance

State Highway Department maintenance superintendents of Division 11 have completed plans for a trial run to test equipment and set up working standards for the coming winter snow and ice control, William P. McKenna, division deputy director at New Philadelphia, announced.

Maintenance superintendents from the 7 counties of Division 11 also discussed safety and accident prevention as well as general maintenance subjects.

The proposed trial run will be held in the last two weeks of October and will include checks of mechanical condition of maintenance equipment. Checks will be held at the State Highway Department garages in the various counties. Columbiana County's is at Leetonia. Personnel from the Columbus office and the division office will conduct the tests.

Weeds cost every farmer in the United States about $500 a year, according to Ohio State University Extension agronomists.

Missing Man Found Killed

RENO, Nev. (AP)—A mutilated body found in the back of a pick-up truck was identified Sunday as that of Paul G. Allison, 57, missing Santa Rosa, Calif., manufacturer.

Charles Allison of Denver, the victim's brother, made the identification.

The body was found under blankets and clothing in the camper top on Allison's pickup truck Saturday night. The truck had been parked since Tuesday in a self-service parking lot in downtown Reno.

The slain man's wallet, identification papers and a diamond ring were missing.

Coroner William Beemer said Allison had been stabbed in the back several times and had been beaten.

A three-state search for Allison began when he failed to arrive home Tuesday. He telephoned his wife, Helen, from Lovelock, Nev., Monday on the way home from taking his son John, 20, to Montana State University in Missoula.

'No-Work' Probe Cites Councilman

PITTSBURGH (AP) — City Councilman Homer R. Greene and two other men have been ordered held for the Allegheny County grand jury on charges stemming from the city's "no-work" probe.

Greene, C. Raymond Lappe, suspended assistant superintendent of property for the city, and Lawrence C. Martin, a Pittsburgh building contractor, are charged with conspiracy to defraud.

The district attorney's office contends the three took part in a scheme in which the city of Pittsburgh was cheated out of some $11,000 in a one-year period ending last January.

The city paid for repair work either not done at all or done only in part on houses and property seized by the city for delinquent taxes, the district attorney's office said.

At the time Greene was head of the city's Lands and Buildings Dept. He left that post last January to become a councilman.

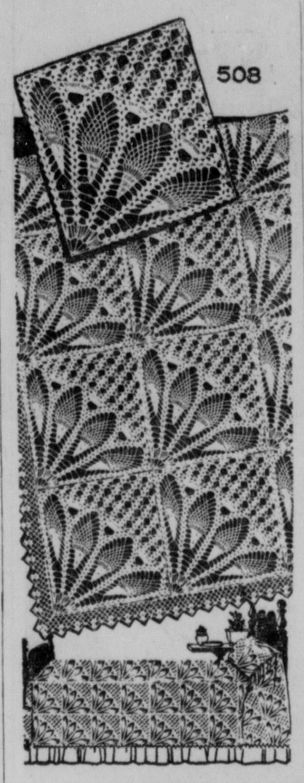

Greene also is charged with misdemeanor in office. Lappe and Martin also are charged with false pretense.

All three were held for grand jury action Saturday after pleading innocent to all charges. They were released on $2,000 bond each.

HAMMONDSVILLE — A public fish fry is scheduled Saturday night at 8 in the home of American Legion Post 742. Richard Springer, Carl Hooper and Harry Springer will be in charge of plans.

The arrangements were made at the post meeting last week, at which Frank Gruszecki, treasurer, announced the post had made a contribution to the Cerebral Palsy drive. Bill Burton, commander, presided.

Special Signup Slated For Cincinnati Voters

CINCINNATI (AP)—The Hamilton County Election Board expects over 50,000 persons to register today at their polling places for the November election. The board set aside today for special registration.

William Merten, registry supervisor, said the final county figure will probably be an all-time high of 425,000.

Missing Man Found Killed

RENO, Nev. (AP)—A mutilated body found in the back of a pick-up truck was identified Sunday as that of Paul G. Allison, 57, missing Santa Rosa, Calif., manufacturer.

Charles Allison of Denver, the victim's brother, made the identification.

The body was found under blankets and clothing in the camper top on Allison's pickup truck Saturday night. The truck had been parked since Tuesday in a self-service parking lot in downtown Reno.

The slain man's wallet, identification papers and a diamond ring were missing.

Coroner William Beemer said Allison had been stabbed in the back several times and had been beaten.

A three-state search for Allison began when he failed to arrive home Tuesday. He telephoned his wife, Helen, from Lovelock, Nev., Monday on the way home from taking his son John, 20, to Montana State University in Missoula.

'No-Work' Probe Cites Councilman

PITTSBURGH (AP) — City Councilman Homer R. Greene and two other men have been ordered held for the Allegheny County grand jury on charges stemming from the city's "no-work" probe.

Greene, C. Raymond Lappe, suspended assistant superintendent of property for the city, and Lawrence C. Martin, a Pittsburgh building contractor, are charged with conspiracy to defraud.

The district attorney's office contends the three took part in a scheme in which the city of Pittsburgh was cheated out of some $11,000 in a one-year period ending last January.

The city paid for repair work either not done at all or done only in part on houses and property seized by the city for delinquent taxes, the district attorney's office said.

At the time Greene was head of the city's Lands and Buildings Dept. He left that post last January to become a councilman.

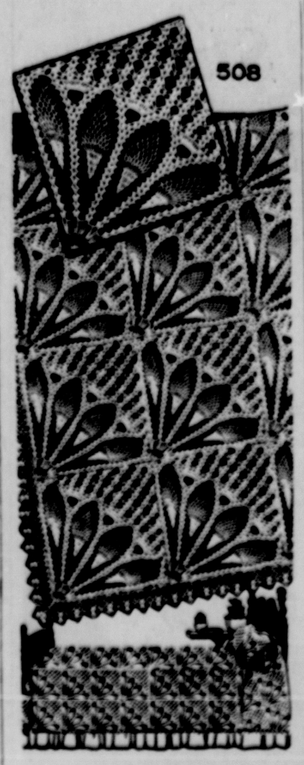

Greene also is charged with misdemeanor in office. Lappe and Martin also are charged with false pretense.

All three were held for grand jury action Saturday after pleading innocent to all charges. They were released on $2,000 bond each.

LISBON — Three motorists were cited in two accidents investigated over the weekend by village police. Hearings will be held later before Mayor Dean Stockman.

Perle Dale Adams of Lisbon was cited for failing to stop within the assured clear distance after his car struck the rear of a car driven by Warren DeMartino of Canton Sunday at 1:40 p. m. on the Square. Minor damages resulted.

Lona Conn, 61, of Lisbon R. D. 1 was cited for driving left of center and Leo Barry, 40, of Warren, was charged with fictitious plates after they were involved in an accident Friday at 5:15 p. m. on S. Lincoln Ave.

Conn was on the wrong side of the road when he saw Barry come around a curve, police said. There was an estimated $50 damage to each car.

Light Plane Crashes

GEORGETOWN, Ohio (AP) — Ralph H. Martin, 39, of Cincinnati was unhurt when his light plane crashed on a farm five miles southwest of here Saturday night, the Ohio Highway Patrol said. Brake failure on landing apparently caused the plane to crash into a wire fence.

Saucerites Relay 'Warnings' From Master On Mars

LONDON (AP) — A spokesman for the British Flying Saucer Society said today that before the Soviets—or anyone else—try to put a man on a planet they'd better get the planet's permission.

"We've been informed by the cosmic masters," said William Mayhew in an interview, "that earth men will not be allowed to land on other planets."

Mayhew, a lawyer, and 700 other members of the society have been attending Britain's first National Flying Saucer convention.

During their two-day session in London they said they established contact with a spokesman on Mars through one of their officials, George King.

King went into a yogi trance and said a Martian spoke through him. He recorded the message purportedly from Mars. The message—apparently directed at the leaders of East and West—was broadcast through the convention hall.

The delegates listened in respectful silence as the "master on Mars" said: "Unless much ground is given by both sides alike—"

Here the spokesman was interrupted by what sounded like a very earthy cough. Delegates were unable to say if the cough was King's or the Martian's.

"If you go on as you are at the moment," the voice went on, "fostering suspicion, arguing and boasting about your latest weapons, then a conflict will most surely come."

The voice said the conflict would take place between 1963 and 1964.

The automobile parking meter was invented in 1935.

Light Plane Crashes

GEORGETOWN, Ohio (AP) — Ralph H. Martin, 39, of Cincinnati was unhurt when his light plane crashed on a farm five miles southwest of here Saturday night, the Ohio Highway Patrol said. Brake failure on landing apparently caused the plane to crash into a wire fence.

Saucerites Relay 'Warnings' From Master On Mars

LONDON (AP) — A spokesman for the British Flying Saucer Society said today that before the Soviets—or anyone else—try to put a man on a planet they'd better get the planet's permission.

"We've been informed by the cosmic masters," said William Mayhew in an interview, "that earth men will not be allowed to land on other planets."

Mayhew, a lawyer, and 700 other members of the society have been attending Britain's first National Flying Saucer convention.

During their two-day session in London they said they established contact with a spokesman on Mars through one of their officials, George King.

King went into a yogi trance and said a Martian spoke through him. He recorded the message purportedly from Mars. The message—apparently directed at the leaders of East and West—was broadcast through the convention hall.

The delegates listened in respectful silence as the "master on Mars" said: "Unless much ground is given by both sides alike—"

Here the spokesman was interrupted by what sounded like a very earthy cough. Delegates were unable to say if the cough was King's or the Martian's.

"If you go on as you are at the moment," the voice went on, "fostering suspicion, arguing and boasting about your latest weapons, then a conflict will most surely come."

The voice said the conflict would take place between 1963 and 1964.

The automobile parking meter was invented in 1935.

Salesmen Get Free On Bond

Two Youngstown sewing machine salesmen were released from city jail over the weekend after a professional bonding company posted $1,112 surety while police continued to investigate their complicated financing arrangements.

The United Bonding Co. of Youngstown posted a $612 bond for Jerald Risner, 30, Saturday on three charges and returned Sunday to post a $500 bond for his companion, Elmer Ellsworth, 38.

They are scheduled to appear Thursday at 9 a. m. before Judge Samuel M. Chertoff on a charge of violating the state law by failing to give purchasers a copy of the retail sales agreement.

Risner also was charged by police with driving without an operator's license and using illegal license plates.

Police accused the pair of selling $339 sewing machines to East Liverpool women on the promise the price could be repaid by a "sew-at-home" arrangement. The men, however, financed the machines through chattel mortgages turned over to a bank and loan company without the buyers' knowledge, police said.

Two trucks, an emergency car and 14 men answered the calls.

Yule Party Each Year But It's On July 25

SOUTH PASS CITY, Wyo. (AP) — Six years ago, John and Minnie Woodring, owners of the historic old ghost town of South Pass City, planned a Christmas party.

The tables were loaded down with food and about 100 guests were expected from Lander, 25 miles away.

Then the snow came. Six feet of snow fell on the little isolated mountain community — and none of the guests arrived.

The Woodrings aren't going to get caught like that again.

They still have their traditional Christmas party each year — but it's held on July 25.

The acoustics of a 2,300-year-old outdoor theater at Epidaurus, Greece, are so good that an actor's whisper can be heard in the last row.

World Series Opponents Clinch Pennants On Same Day

From '27 To '60 For Bucs

By ED CORRIGAN
Associated Press Sports Writer

A dream 33 years in the making came true for the Pittsburgh Pirates today. They are the champions of the National League.

It was in 1927 that the Pirates last won the National League flag. They met the New York Yankees in the World Series and were humiliated in four straight. Danny Murtaugh, the manager who led Pittsburgh to the title, was a boy of 9 then.

Now, more than a quarter of a century later, the Pirates will try to even the old score, for they'll meet the Yanks again.

The Pirates won the pennant Sunday in unglamorous fashion, bowing to the Milwaukee Braves, 4-2, when Eddie Mathews blasted a home run in the bottom of the tenth inning.

But it was the humble Chicago Cubs, and pitcher Glen Hobbie in particular, who came to the rescue of the Buccos. Hobbie, beaten by St. Louis only last Friday, came back to hold the Cards to six hits to enable the Cubs to win, 5-0.

That mathematically eliminated the Cards, and, in fact, pushed them into third-place behind Milwaukee.

In other National League action, the Philadelphia Phillies downed the Cincinnati Reds, 7-1, and the San Francisco Giants toppled the Los Angeles Dodgers, 13-9.

The series will open on Oct. 5 in Pittsburgh. The first two games will be played at Forbes Field. Then there will be an off day, and the teams will play the next three games in New York on Oct. 8-9-10. If it isn't over by then, it's back to Pittsburgh for the final two games after another day off on Oct. 12-13.

This was the seventh National League championships for the Pirates. In addition to 1927, they won in 1901, 1902, 1903, 1909 and 1925.

Mathews' homer came off Elroy Face, who was making his 67th appearance on the mound for the Pirates. Until the eighth, the Bucs led, 2-0, behind Harvey Haddix. But the Braves tied it to set the stage for Mathews' homer.

Fans Eagerly Wait Arrival Of Mailman

PITTSBURGH (AP) — Thousands of baseball fans eagerly awaited the mailman today to find out if they were lucky enough to get World Series tickets.

The Pittsburgh Pirates mailed out the tickets Sunday to some 8,500 applicants out of the 130,000 fans who applied.

The lucky recipients were to receive the good news in a long, brown envelope. Each envelope contains two tickets for one of the series games at Forbes Field. Selection was made at random.

The bad news was returned in the original envelope marked with a rubber stamp reading: "Return to writer — sold out."

Mitchell Tallies 3 Touchdowns At Philly

PHILADELPHIA (AP) — The awesome one-two running attack of Jim Brown and Bobby Mitchell still is the heart of the Cleveland Browns' offense—but Coach Paul Brown says the team can throw the football.

The Browns stayed on the ground—after grabbing a quick 14-0 lead—and went on to whip the Philadelphia Eagles 41-24 in the National Football League opener for both teams Sunday.

Mitchell scored three touchdowns and gained 156 yards, while Brown racked up one touchdown and 153 yards.

Don Fleming, rookie defensive back from Florida, intercepted two passes by Norm Van Brocklin. Bernie Parrish intercepted one to set up Cleveland's first touchdown, running it back 32 yards to the Eagles' 31. On the first play following that interception, Mitchell took a flip from quarterback Milt Plum and raced to a touchdown.

"We just might throw the ball one of these days," said Coach Brown in the dressing room. "We probably would have thrown more today. But we took advantage of what they gave us.

"If you have something going, why change? We got in front and then played possession football. I wanted to use up the time."

Philadelphia coach Buck Shaw wasn't as impressed with the Browns as he was disgusted with his Eagles. "It was our worst over-all effort in three years," said Shaw. "We were flat. . . We couldn't have beaten anyone in the league today—not even the worst team."

Shaw was unhappy about Van Brocklin, who had three of his first five passes swiped. "Van doesn't have them very often," said Shaw, "but this was a bad day for him. It seemed to me that he sort of gave up when we fell behind."

Shaw admitted that Jim Brown and Mitchell may have had something to do with what he termed ineffective tackling by the Eagles. "They are fast and have that little something that throws a tackler off," the coach said.

Mitchell scored on runs of 31 and 30 and an 11-yard pass from Plum, who also scored on a one-yard sneak. Plum completed 9 of 11 passes—most of them short ones—for 67 yards. Browns's touchdown came in the first period on a one-yard plunge. Sam Baker, who had a poor day on punts and kickoffs, booted five extra points and field goals from 36 and 15 yards out.

Van Brocklin connected on 16 of 30 passes for 259 yards and a pair of touchdowns, one a 24-yarder to Tommy McDonald and the other a 10-yard strike to Bobby Walston.

The Browns' young secondary gets another big test Sunday when the Pittsburgh Steelers' Bobby Layne brings his sharp-shooting aerial attack to Municipal Stadium in Cleveland. A crowd of 70,000 may be there if the weather is good.

Layne Pulls Steelers From Behind At Dallas

By MIKE RATHET
Associated Press Sports Writer

The National Football League shoved its star-studded cast of proved performers front and center over the weekend and inaugurated its 41st season with an impressive show of muscle at the attendance gate.

With veteran quarterback Bobby Layne leading the parade of NFL standouts, the well-established circuit drew 216,869 to its five weekend curtain-raisers in the first regular-season test of strength at the turnstiles with the newly formed American League.

Layne, firing passes accurately in an aerial duel with little Eddie LeBaron, pulled the Pittsburgh Steelers from behind for a 35-28 victory over Dallas Saturday night that spoiled the cowboys NFL debut before 30,000.

Layne eclipsed Sammy Baugh's all-time record for yards gained passing in a career by connecting on 16 of 25 attempts for 288 yards and a 12-year total of 22,351 yards. Baugh made 22,085 in 16 seasons with the Washington Redskins.

The Baltimore Colts began their drive for a third successive NFL championship by whipping Washington 20-0 before 53,818 as Johnny Unitas extended his record TD-a-game string to 38 with a scoring pass to Ray Berry.

In other openers, New York's Eastern Division titlists edged the 49ers at San Francisco 21-19 with 44,598 in the stands, Cleveland blasted the Eagles 41-24 at Philadelphia before 56,303 and Chicago defeated the Packers 17-14 as 32,150 watched at Green Bay.

Final Men's Event Set At Local Club

A two-club and putter tournament with best ball of two will be the final men's golfing event Wednesday at the East Liverpool Country Club.

Dinner will be served following golf and the Hall Memorial Club Championship trophies will be presented.

In Saturday's selective 9-hole play, Norman Ankrim finished with 27 to capture the first division while W. T. Pomeroy had 29.

Okey Ludwig won the second flight with 29.

Butch Boy Captures Homing Club Event

Don Mackall's Butch Boy captured the 200-mile race from Xenia Sunday sponsored by the East Liverpool Homing Club.

Stengel Wins 10th Flag

By ED CORRIGAN
Associated Press Sports Writer

Just 11 days ago, the New York Yankees were clinging to the American League lead by one thin percentage point and it was leaky ship Casey Stengel was piloting.

The Yanks had just lost two straight to their country cousins, the Kansas City A's. A drastic patching job was needed with a four-game set coming up with the second-place Baltimore Orioles.

Stengel did the job, the leaks were plugged, the ship got on an even keel. The Orioles tumbled to four straight defeats and today the Yanks are the champions of the American League for the 10th time in 12 years.

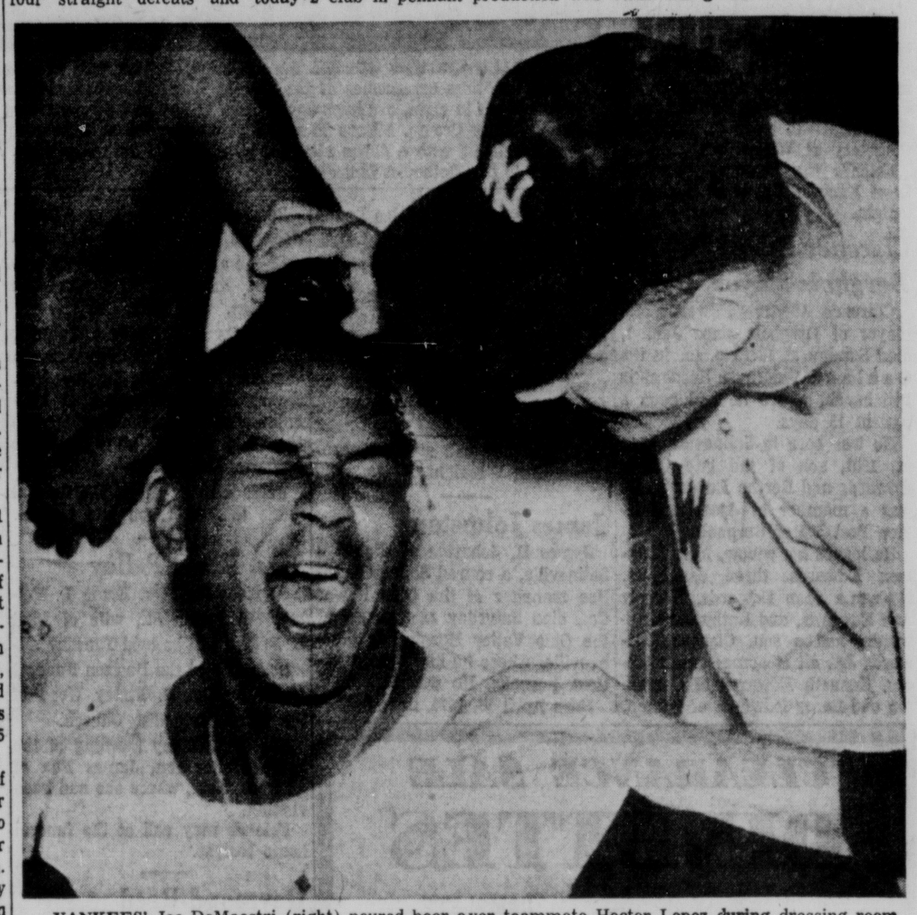

Since that day more than a week ago, the Yanks haven't lost. They've won nine in a row, including the clincher, a 4-3 decision over the Boston Red Sox Sunday. To the Cleveland Indians goes a large assist. The Tribe blanked Chicago, 4-0, thus eliminating the White Sox.

The pennant is the Yanks' 25th in 40 years, a record that probably never will be equalled. The Giants are next with 17 pennants. In the American League the No. 2 club in pennant production was the old Philadelphia A's with nine, all under Connie Mack.

Ralph Terry—with a one-batter assist from Luis Arroyo—pitched the Yanks to their deciding victory.

Bobby Locke took care of the White Sox for the Indians. He let the Pale Hose down with just four hits, and worse yet, dropped them into third place behind the Orioles, who whipped the Washington Senators, 3-1, when Brooks Robinson blasted an eighth inning home run with two on.

The Detroit Tigers pushed across two runs in the ninth inning to edge the A's 6-5, in the other AL game.

EL Reserves Gain Second

East Liverpool's reserve football squad marched to its second straight victory of the season with a 26-8 win over the East Palestine jayvees Saturday at East Palestine.

Guard Butch Griffith gained the scoring column when he recovered an East Palestine fumble in the end zone to give East Liverpool a 6-0 lead. Gene Wolfe cracked over for the extra points.

Later in the first half John Sparks plunged from two yards away and the Potters went out in front, 14-0.

Before the half ended East Palestine scored and added the two extra points.

Opening the second half with a 14-8 lead, East Liverpool punched across two more touchdowns when Vince McKinnon pulled a quarterback sneak from the one-yard line and Len Oliver bulled his way three yards for the final TD of the contest.

Outstanding on defense for the Potters were Griffith end Tom Anderson, defensive linebacker Bill Durbin and tackel Jeff Hayes.

End Jim Richardson of the Potters was taken to East Liverpool City Hospital after the game where he was x-rayed for a neck injury and released. Coach Bob Hedmond said Richardson suffered pulled ligaments in his neck.

Williams To End Brilliant Playing Career On Sunday

BOSTON (AP) — Ted Williams ends his career as baseball's most colorful slugger Sunday but the Boston Red Sox will continue utilize his batting skill.

Sox owner Tom Yawkey made Williams' retirement official Sunday.

Yawkey said the aging 42 year old Williams will serve as a batting instructor at the pre-season camp at Scottsdale, Ariz., next spring. Williams then would remain in the organization and "assume duties in keeping with his great talent" the owner added. He did not elaborate.

The statement killed speculation that Williams might change his mind about ending his playing days. Number nine has said he was ending his stormy, oft-interrupted career before and come back.

When he hit his 500th homer at Cleveland in June Williams said it was his last year. He has repeated the decision frequently since then but it took Yawkey, more like a father than a boss to his star, to seal the verdict.

With 520 home runs, Williams is third in the all-time derby, only 14 behind Jimmy Foxx.

With five games to play, Williams has 28 homers and a .318 batting average for the season — his 22nd since joining the Sox to stay back in 1939.

More than six of those years were lost to Williams through two service hitches, a cracked elbow, a broken collarbone, divorce, the game's most celebrated pain in the neck and numerous lesser injuries and ailments.

The last of the .400 hitter (.406 in 1941) has the following Major League totals through Sunday with his all-time standing in parentheses:

Home runs — 520 (third)
Runs batted in — 1837 (sixth)
Runs scored — 1791 (seventh)

42,000 See AFL Texans Shut Out Chargers, 17-0

By The Associated Press

The Dallas Texans, tied for the top spot in the Western Division of the American Football League after a showdown battle with Los Angeles, have struck the first blow against the National League in the all-important battle for fan support.

Competing against the NFL Dallas Cowboys in a city that failed to support its last pro team, the Texans attracted 42,000 for their clash with the Chargers Sunday and whipped the West Coast eleven 17-0 on Cotton Davidson's passing and kicking.

The victory pushed the Texans into a tie with the Denver Broncos for first place in the West. Both have 2-1 records.

In the Eastern Division, Houston and New York are tied for the lead after the Oilers surprise 14-13 upset by the Oakland Raiders in the only other Sunday contest. The Titans and Oilers also are 2-1.

While 42,000 turned out for the AFL game at Dallas, only an estimated 30,000—rain cut the crowd—were on hand for the Cowboys NFL debut, a 35-28 defeat by the Pittsburgh Steelers Saturday night.

A stubborn Texans' defense, which has allowed only 37 points in three games, kept the vaunted Los Angeles attack from penetrating deep into Dallas territory. Three offensive thrusts by the Chargers wound up in missed field goal attempts by Ben Agajanian.

Tom Flores' 14-yard scoring aerial to Gene Prebola at the end of a 58-yard drive in the fourth quarter and Larry Barnes' second extra point brought the Raiders from behind for their stunning upset of the highly touted Oilers.

George Blanda had given Houston the lead with an 8-yard touchdown toss to Johnny Carson and a pair of field goals before Flores, a reserve, directed the late attack that gave Oakland its first triumph.

World Series Opponents Clinch Pennants On Same Day

The Review Sports

MONDAY, SEPTEMBER 26, 1960 PAGE 16

From '27 To '60 For Bucs

By ED CORRIGAN
Associated Press Sports Writer

A dream 33 years in the making came true for the Pittsburgh Pirates today. They are the champions of the National League.

It was in 1927 that the Pirates last won the National League flag. They met the New York Yankees in the World Series and were humiliated in four straight. Danny Murtaugh, the manager who led Pittsburgh to the title, was a boy of 9 then.

Now, more than a quarter of a century later, the Pirates will try to even the old score, for they'll meet the Yanks again.

The Pirates won the pennant Sunday in unglamorous fashion, bowing to the Milwaukee Braves, 4-2, when Eddie Mathews blasted a home run in the bottom of the tenth inning.

But it was the humble Chicago Cubs, and pitcher Glen Hobbie in particular, who came to the rescue of the Buccos. Hobbie, beaten by St. Louis only last Friday, came back to hold the Cards to six hits to enable the Cubs to win, 5-0.

That mathematically eliminated the Cards, and, in fact, pushed them into third-place behind Milwaukee.

In other National League action, the Philadelphia Phillies downed the Cincinnati Reds, 7-1, and the San Francisco Giants toppled the Los Angeles Dodgers, 13-9.

The series will open on Oct. 5 in Pittsburgh. The first two games will be played at Forbes Field. Then there will be an off day, and the teams will play the next three games in New York on Oct. 8-9-10. If it isn't over by then, it's back to Pittsburgh for the final two games after another day off on Oct. 12-13.

This was the seventh National League championships for the Pirates. In addition to 1927, they won in 1901, 1902, 1903, 1909 and 1925.

Mathews' homer came off Elroy Face, who was making his 67th appearance on the mound for the Pirates. Until the eighth, the Bucs led, 2-0, behind Harvey Haddix. But the Braves tied it to set the stage for Mathews' homer.

Fans Eagerly Wait Arrival Of Mailman

PITTSBURGH (AP) — Thousands of baseball fans eagerly awaited the mailman today to find out if they were lucky enough to get World Series tickets.

The Pittsburgh Pirates mailed out the tickets Sunday to some 8,500 applicants out of the 130,000 fans who applied.

The lucky recipients were to receive the good news in a long, brown envelope. Each envelope contains two tickets for one of the series games at Forbes Field. Selection was made at random.

The bad news was returned in the original envelope marked with a rubber stamp reading: "Return to writer — sold out."

Mitchell Tallies 3 Touchdowns At Philly

PHILADELPHIA (AP) — The awesome one-two running attack of Jim Brown and Bobby Mitchell still is the heart of the Cleveland Browns' offense—but Coach Paul Brown says the team can throw the football.

The Browns stayed on the ground—after grabbing a quick 14-0 lead—and went on to whip the Philadelphia Eagles 41-24 in the National Football League opener for both teams Sunday.

Mitchell scored three touchdowns and gained 136 yards, while Brown racked up one touchdown and 103 yards.

Don Fleming, rookie defensive back from Florida, intercepted two passes by Norm Van Brocklin. Bernie Parrish intercepted one to set up Cleveland's first touchdown, running 8 back 32 yards to the Eagles' 34. On the first play following that interception, Mitchell took a flip from quarterback Milt Plum and raced to a touchdown.

"We just might throw the ball one of these days," said Coach Brown in the dressing room. "We probably would have thrown more today. But we took advantage of what they gave us.

"If you have something going, why change? We got in front and then played possession football. I wanted to use up the time."

Philadelphia coach Buck Shaw wasn't as impressed with the Browns as he was disgusted with his Eagles. "It was our worst over-all effort in three years," said Shaw. "We were flat. . . We couldn't have beaten anyone in the league today—not even the worst team."

Shaw was unhappy about Van Brocklin, who had three of his first five passes swiped. "Van doesn't have them very often," said Shaw, "but this was a bad day for him. It seemed to me that he sort of gave up when we fell behind."

Shaw admitted that Jim Brown and Mitchell may have had something to do with what he termed ineffective tackling by the Eagles. "They are fast and have that little something that throws a tackler off," the coach said.

Mitchell scored on runs of 31 and 30 and an 11-yard pass from Plum, who also scored on a one-yard sneak. Plum completed 9 of 11 passes—most of them short ones—for 97 yards. Brown's touchdown came in the first period on a one-yard plunge. Sam Baker, who had a poor day on punts and kickoffs, booted five extra points and field goals from 25 and 13 yards out.

Van Brocklin connected on 16 of 29 passes for 230 yards and a pair of touchdowns, one a 24-yarder to Tommy McDonald and the other a 10-yard strike to Bobby Walston.

The Browns' young secondary gets another big test Sunday when the Pittsburgh Steelers' Bobby Layne brings his sharp-shooting aerial attack to Municipal Stadium in Cleveland. A crowd of 70,000 may be there if the weather is good.

Stengel Wins 10th Flag

By ED CORRIGAN
Associated Press Sports Writer

Just 11 days ago, the New York Yankees were clinging to the American League lead by one thin percentage point and it was leaky ship Casey Stengel was piloting.

The Yanks had just lost two straight to their country cousins, the Kansas City A's. A drastic patching job was needed with a four-game set coming up with the second-place Baltimore Orioles.

Stengel did the job, the leaks were plugged, the ship got on an even keel. The Orioles tumbled to four straight defeats and today the Yanks are the champions of the American League for the 10th time in 12 years.

Since that day more than a week ago, the Yanks haven't lost. They've won nine in a row, including the clincher, a 4-3 decision over the Boston Red Sox Sunday. To the Cleveland Indians goes a large assist. The Tribe blanked Chicago, 4-0, thus eliminating the White Sox.

The pennant is the Yanks' 25th in 40 years, a record that probably never will be equalled. The Giants are next with 17 pennants. In the American League the No. 2 club in pennant production was the old Philadelphia A's with nine, all under Connie Mack.

Ralph Terry—with a one-batter assist from Luis Arroyo—pitched the Yanks to their deciding victory.

Bobby Locke took care of the White Sox for the Indians. He let the Pale Hose down with just four hits, and worse yet, dropped them into third place behind the Orioles, who whipped the Washington Senators, 3-1, when Brooks Robinson blasted an eighth inning home run with two on.

The Detroit Tigers pushed across two runs in the ninth inning to edge the A's 6-5, in the other AL game.

Layne Pulls Steelers From Behind At Dallas

By MIKE RATHET
Associated Press Sports Writer

The National Football League showed its star-studded cast of proved performers front and center over the weekend and immediately got its 41st season with an impressive show of muscle at the attendance gate.

With veteran quarterback Bobby Layne leading the parade of NFL standouts, the well-established circuit drew 250,000 to its five weekend curtain-raisers in the first regular-season test of strength at the turnstiles with the newly formed American League.

Layne, firing passes accurately in an aerial duel with little Eddie LeBaron, pulled the Pittsburgh Steelers from behind for a 35-28 victory over Dallas Saturday night that spoiled the average NFL debut before 29,029.

Layne eclipsed Sammy Baugh's all-time record for yards gained passing in a career by connecting on 16 of 25 attempts for 233 yards and a 13-year total of 23,351 yards. Baugh made 23,839 in 16 seasons with the Washington Redskins.

The Baltimore Colts began their drive for a third successive NFL championship by whipping Washington 23-0 before 52,533 as Johnny Unitas extended his record TD-a-game string to 23 with a scoring pass to Ray Berry.

In other openers, New York's Eastern Division titlists edged the 49ers at San Francisco 21-20 with 64,559 in the stands, Cleveland blasted the Eagles 41-24 at Philadelphia before 33,329 and Chicago defeated the Packers 17-14 as 32,150 watched at Green Bay.

Final Men's Event Set At Local Club

A two-club and putter tournament with best ball of two will be the final men's outing event Wednesday at the East Liverpool Country Club.

Dinner will be served following golf and the Rail Memorial Club Championship trophies will be presented.

In Saturday's selective 9-hole play, Norman Ashton finished with 37 to capture the first division while W. T. Pomeroy had 38.

Chuy Ludwig won the second flight with 39.

Butch Boy Captures Homing Club Event

Don Mankell's Butch Boy captured the 100-mile race from Xenia Sunday sponsored by the East Liverpool Homing Club.

Billy owned by William Allison was second while Morhart Flora's Red Queen finished third.

EL Reserves Gain Second

East Liverpool's reserve football squad marched to its second straight victory of the season with a 20-0 win over the East Palestine jayvees Saturday at East Palestine.

Guard Butch Griffith gained the scoring column when he recovered an East Palestine fumble in the end zone to give East Liverpool a 6-0 lead. Gene Wolfe cracked over for the extra points.

McLaughlin Scores 32 Points, Beavers Whip Stanton, 38-8

By CHUCK CRONIN
Review Sports Writer

Halfback Ron McLaughlin, 16-year-old senior, scored five touchdowns in a spectacular running performance as unbeaten Beaver Local mopped up Stanton Local, 38-8, Saturday afternoon.

McLaughlin, a fast 150-pounder, personally applied a damper to Stanton Local's Homecoming observance as a crowd of about 2,000 watched the game in warm sunshine at Memorial Field, Irondale.

An unexpected appearance of Beaver Local fullback Carl Hoppel, who began the Beavers the second half, inspired the Beavers to turn a tight game into a rout.

—:—

HOPPEL, not expected to perform because of a blood disease, donned his gear at halftime with Beaver Local trailing, 8-6. The effect was dramatic and beyond anyone's expectations as Coach Jack O'Rourke's charges immediately took command and scored touchdowns in rapid-fire fashion to notch their third triumph in succession.

Coach Fred Sims' Irons got off to a quick start, marching 80 yards in 10 plays for a first quarter touchdown. But the Irons became a befuddled, fumbling giant after halftime when they posed little threat to Beaver Local's elusive backs.

McLaughlin scored 32 of Beaver Local's point accumulation on touchdown runs of 95, 41, 4, 3 and 2 yards and ran over a conversion. Few tri-state area players have equaled the feat.

Beaver Local's line, which blocked hard and moved fast, helped shake McLaughlin loose for the long touchdown runs. The front wall of the Beavers also was tough on defense and hard tackles brought Stanton Local fumbles several times.

Hoppel's Appearance Sparks Team

THE TERRIFIC heat and punishing line play drew the comment from O'Rourke that "It was our toughest game yet." Tempers flared near the end of the game and fists flew on several occasions.

Stanton Local, with a heavy, slow line and no great backfield speed, turned in a good first half and appeared on its way to victory after Quarterback Mills sneaked over from one yard out after the opening kickoff. The short run by Mills capped an 80-yard march covered in 10 plays. The big gainers were John Pearson's 14-yard run and a 23-yarder by Mills. Stan Wickham took a pass in the right flat from Mills and raced across for the conversion.

Beaver Local retaliated in the second quarter after recovering Pearson's fumble at the Stanton Local 33. Tackle Gary Bookman made the recovery. The Beavers took only six plays to go the distance, with McLaughlin scoring from the 2-yard line. A rush was short for the extra points.

Leading, 8-6, with seconds left until halftime, Stanton guard Chuck Allen attempted an 18-yard field goal on third down but the boot was short and off to the right.

—:—

HALFTIME ceremonies featured the crowning of Miss Marsha Russell as Homecoming queen of Irondale.

Stanton took the kickoff and immediately was in trouble as fullback Kent Cline's attempted quick kick on third down was blocked. Beaver Local recovered at the Stanton 43 and Hoppel bucked to the 41.

On the next play, McLaughlin skirted right end and dashed 11 yards to put the Beavers in front, 12-8. A rush failed for the extra points.

Minutes later, Stanton was on the move again and marched to the Beaver Local 20 on a 26-yard pass from Mills to end Keith Burgett and a bootleg by the junior quarterback.

Mills faded to pass and threw low on the next play. The ball was deflected into the hands of McLaughlin, who hauled it in on the 5, cut for the right sidelines and outran everyone for 95 yards. He circled end for the conversion.

The interception by McLaughlin was the play that broke Irondale's back as it ended the most serious threat of the second half when the score was still close. The Irons never got another chance to pull within striking distance.

Hoppel enabled the Beavers to skyrocket the lead as the fourth quarter opened by intercepting a Stanton pass. The Beavers moved 41 yards in eight plays and went ahead, 28-8, on McLaughlin's three yard buck. Sub halfback Francis Possage raced around right end for the conversion and was never touched by a defender.

—:—

THE STANTON regulars, dog tired from the blazing heat and jolting blocks and tackles, saw their final attack die on a fumble which Beaver Local recovered at the 41 yard stripe.

Quarterback Mike Klembara passed to end Gary Williams at the Irondale 4 and McLaughlin scored on the next play. Dale Beagle bucked for the extra points, wrapping up the victory for Beaver Local.

Lack of any great depth definitely hurt the Irons as most of the linemen were forced to go all the way. Allen, Tom Carpenter and Stan Wickham were defensive standouts for the Irons. Cline, Mills and Wickham ran hard for the Stanton team but were held to short gainers most of the afternoon.

Standouts on the Beaver Local line included Ron Westover and Francis Campbell, tackles, David Meyers, a guard, and Paul Bomtempt, an end. Bob Possage and Gary Williams also made a few timely blocks and tackles. George Gaydos, spelling Hoppel at fullback the first half, was effective for the Beavers.

Beaver Local shows three triumphs for the season, 30-12, over Springfield and 28-0 over Chester. McLaughlin has scored eight touchdowns in the three games.

Stanton Local is 1-2 for the season and now is a loser to Beaver Local three years in a row.

Bucher Resigns As Lisbon Coach

BUD BUCHER
Resigns At Lisbon.

Bud Bucher, head football coach at Lisbon High School since 1946, announced his resignation this morning effective at the season's end.

Bucher said his action came following a heated discussion between Bucher and Supt. Russell Armatage, in his first year in the Lisbon school system.

"I cannot do my best under the present administration. And it is not because of losing games that I am resigning," Bucher said.

The Mt. Union graduate established himself as the winningest coach in the district. In 13 seasons, his overall record at Lisbon is 99 wins, 26 defeats and 5 ties.

This season Lisbon is off to one of its worst starts in several campaigns, losing its first three games.

However, Bucher ponited out that his 1958 team lost four straight and losing is not the reason behind the resignation.

Fairfield-Waterford Drops First To Lowellville, 30-0

LOWELLVILLE — The ax fell on Fairfield-Waterford here Saturday afternoon when the Lowellville Rockets handed Coach Bruce Weber's team its first setback of the season, 30-0.

After a scoreless first quarter, Lowellville scored when Frank Notareschi registered his first of three touchdowns on a 50-yard romp.

In the second period the speedy halfback raced 65 yards then concluded his day of long-distance running with a 70-yard sprint in the fourth quarter.

Chuck Schiavello tallied Lowellville's other touchdown by going 25-yards in the fourth quarter.

Fairfield had rolled over Mineral Ridge and Greenford before meeting Lowellville in an Inter-County League battle.

Injuries Hit Fairfield Eleven At Lowellville

Three Fairfield-Waterford gridders were taken to the hospital Saturday as a result of injuries suffered at Lowellville. Regular quarterback Tom Messinger will probably be out the remainder of the season after suffering a fractured arm. Halfback Gary Slaven received a brain concussion and was rushed to the hospital at Lowellville where he was later released. Third string quarterback Ralph Wisser was treated at the Salem City Hospital for a fractured bone in his wrist.

Money In Cash Box Not Worth A Life

COLUMBIA, S. C. (AP) — George Rideoutte, 60-year-old liquor store operator, doesn't think the money in the cash register is worth a life—even that of a holdup man.

Held up by a nervous Army private, Rideoutte quietly picked up his own gun. But he let the 18-year-old private take the money and get away.

"I'm going to get rid of this gun," said Rideoutte. "I could easily have shot him. I'm glad I didn't."

There's No Question, He's Right Man For Job

CHARLOTTE, N. C. (AP) — John Gluyas, manager of the state-owned liquor warehouse, figures he has handled 49,439,267 bottles of liquor in 12 years, hasn't misplaced a single bottle — and hasn't drunk a drop.

"If I drank, I couldn't hold this job," he says, pointing to the thousands of glass bottles and the hard cement floor.

Kansas Will Test Syracuse Eleven

By The Associated Press

Syracuse's powerful college football champions get one of their severest tests of the season next Saturday when they play Kansas in a nationally televised game at Lawrence, Kan.

The Jayhawkers, winners of their first two starts and seventh ranked nationally, are capable of putting a crimp in a Syracuse winning streak which has stretched through 18 games of regular season play.

Kansas opened its campaign with a 21-7 victory over Texas Christian and last Saturday smashed Kansas State 41-0. It was just a warmup for the big, fast Kansans who scored in every period.

Syracuse, with virtually the same team which swept through 10 games last year and smashed Texas 23-14 in the Cotton Bowl, opened its campaign with an impressive 35-7 triumph over Boston University.

Mississippi, battling the defending champions for No. 1 position in The Associated Press poll, has a breather Saturday with Memphis State but Washington's Rose Bowl champions, ranked No. 3, have their hands full with a strong Navy team.

Both Navy and Army take excursions to the Pacific Coast for two of the week's headline attractions. The Midshipmen, who smashed Villanova 41-7 Saturday before a gallery which included President Eisenhower, play the Huskies at Seattle. Army takes on California at Berkeley.

In other top games, Illinois is host to West Virginia, sixth-ranked Michigan State tackles Michigan at East Lansing, Clemson entertains Virginia Tech, Northwestern and Iowa open a scramble for Big Ten leadership. Ohio State is host to Southern California and Louisiana State meets Baylor at Baton Rouge, La.

Mississippi, which edged Syracuse out of first place last week in The Associated Press poll, won its second straight game in beating Kentucky 21-6. Washington remained in the thick of title contention by downing Idaho 41-12. Illinois, No. 4, defeated Indiana 17-6.

Three ties plagued teams which had fought their way into the nation's top ten. Alabama had to push over a touchdown in the fading seconds to gain a 6-6 draw with surprising Tulane, winner over California the previous week. Michigan State tied Pittsburgh 7-7 and UCLA was held to a 27-27 draw by Purdue.

McLaughlin Scores 32 Points, Beavers Whip Stanton, 38-8

By CHUCK CRONIN
Review Sports Writer

Halfback Ron McLaughlin, 16-year-old senior, scored five touchdowns in a spectacular running performance as unbeaten Beaver Local mopped up Stanton Local, 38-8, Saturday afternoon.

McLaughlin, a fast 150-pounder, personally applied a damper to Stanton Local's Homecoming observance as a crowd of about 2,000 watched the game in warm sunshine at Memorial Field, Irondale.

An unexpected appearance of Beaver Local fullback Carl Hoppel, who began the second half, inspired the Beavers to turn a tight game into a rout.

—:—

HOPPEL, not expected to perform because of a blood disease, donned his gear at halftime with Beaver Local trailing, 8-6. The effect was dramatic and beyond anyone's expectations as Coach Jack O'Rourke's charges immediately took command and scored touchdowns in rapid-fire fashion to notch their third triumph in succession.

Coach Fred Sims' Irons got off to a quick start, marching 80 yards in 10 plays for a first quarter touchdown. But the Irons became a befuddled, fumbling giant after halftime when they posed little threat to Beaver Local's elusive backs.

McLaughlin scored 32 of Beaver Local's point accumulation on touchdown runs of 95, 41, 4, 3 and 2 yards and ran over a conversion. Few tri-state area players have equaled the feat.

Beaver Local's line, which blocked hard and moved fast, helped shake McLaughlin loose for the long touchdown runs. The front wall of the Beavers also was tough on defense and hard tackles brought Stanton Local fumbles several times.

Hoppel's Appearance Sparks Team

THE TERRIFIC heat and punishing line play drew the comment from O'Rourke that "It was our toughest game yet." Tempers flared near the end of the game and fists flew on several occasions.

Stanton Local, with a heavy, slow line and no great backfield speed, turned in a good first half and appeared on its way to victory after Quarterback Mills sneaked over from one yard out after the opening kickoff. The short run by Mills capped an 80-yard march covered in 10 plays. The big gainers were John Pearson's 14-yard run and a 23-yarder by Mills. Stan Wickham took a pass in the right flat from Mills and raced across for the conversion.

Beaver Local retaliated in the second quarter after recovering Pearson's fumble at the Stanton Local 33. Tackle Gary Bookman made the recovery. The Beavers took only six plays to go the distance, with McLaughlin scoring from the 2-yard line. A rush was short for the extra points.

Leading, 8-6, with seconds left until halftime, Stanton guard Chuck Allen attempted an 18-yard field goal on third down but the boot was short and off to the right.

—:—

HALFTIME ceremonies featured the crowning of Miss Marsha Russell as Homecoming queen of Irondale.

Stanton took the kickoff and immediately was in trouble as fullback Kent Cline's attempted quick kick on third down was blocked. Beaver Local recovered at the Stanton 43 and Hoppel bucked to the 41.

On the next play, McLaughlin skirted right end and dashed 11 yards to put the Beavers in front, 12-8. A rush failed for the extra points.

Minutes later, Stanton was on the move again and marched to the Beaver Local 20 on a 26-yard pass from Mills to end Keith Burgett and a bootleg by the junior quarterback.

Mills faded to pass and threw low on the next play. The ball was deflected into the hands of McLaughlin, who hauled it in on the 5, cut for the right sidelines and outran everyone for 95 yards. He circled end for the conversion.

The interception by McLaughlin was the play that broke Irondale's back as it ended the most serious threat of the second half when the score was still close. The Irons never got another chance to pull within striking distance.

Hoppel enabled the Beavers to skyrocket the lead as the fourth quarter opened by intercepting a Stanton pass. The Beavers moved 41 yards in eight plays and went ahead, 28-8, on McLaughlin's three yard buck. Sub halfback Francis Possage raced around right end for the conversion and was never touched by a defender.

—:—

THE STANTON regulars, dog tired from the blazing heat and jolting blocks and tackles, saw their final attack die on a fumble which Beaver Local recovered at the 41 yard stripe.

Quarterback Mike Klembara passed to end Gary Williams at the Irondale 4 and McLaughlin scored on the next play. Dale Beagle bucked for the extra points, wrapping up the victory for Beaver Local.

Lack of any great depth definitely hurt the Irons as most of the linemen were forced to go all the way. Allen, Tom Carpenter and Stan Wickham were defensive standouts for the Irons. Cline, Mills and Wickham ran hard for the Stanton team but were held to short gainers most of the afternoon.

Standouts on the Beaver Local line included Ron Westover and Francis Campbell, tackles, David Meyers, a guard, and Paul Bomtempt, an end. Bob Possage and Gary Williams also made a few timely blocks and tackles. George Gaydos, spelling Hoppel at fullback the first half, was effective for the Beavers.

Beaver Local shows three triumphs for the season, 30-12, over Springfield and 28-0 over Chester. McLaughlin has scored eight touchdowns in the three games.

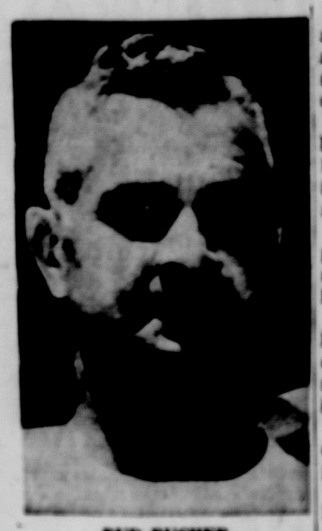

Stanton Local is 1-2 for the season and now is a loser to Beaver Local three years in a row.

Bucher Resigns As Lisbon Coach

BUD BUCHER
Resigns At Lisbon.

Bud Bucher, head football coach at Lisbon High School since 1946, announced his resignation this morning effective at the season's end.

Bucher said his action came following a heated discussion between Bucher and Supt. Russell Armitage, in his first year in the Lisbon school system.

"I cannot do my best under the present administration. And it is not because of losing games that I am resigning," Bucher said.

The Mt. Union graduate established himself as the winningest coach in the district. In 13 seasons, his overall record at Lisbon is 99 wins, 26 defeats and 5 ties.

This season Lisbon is off to one of its worst starts in several campaigns, losing its first three games.

However, Bucher ponited out that his 1958 team lost four straight and losing is not the reason behind the resignation.

STANTON-BEAVER LOCAL ACTION. The football squirts from the arms of Stanton Local fullback John Pearson as he is brought down by Beaver Local end Gary Williams Saturday afternoon. The Beavers recovered the second quarter fumble and went on to score a touchdown. Others identifiable in the picture are Gary McKinney (65) and Paul Bomtempt (62) of Beaver Local, and Kent Cline (48) and Dorman Patterson (44) of Stanton Local.

Retired Mailman Wins U.S. Seniors Crown

OSTERVILLE, Mass. (AP) — The new king of the nation's golfing old-timers is retired mailman Mike Cestone, 55, of Jamesburg, N. J.

Cestone, only a tournament freshman, captured the U. S. Seniors Golf Championship Sunday on the wind-swept Oyster Harbor course with a 20-hole victory over Dave E. Rose, 56, Cleveland hides broker.

Cestone succeeds J. Clark Espie Jr. of Indianapolis who withdrew Wednesday in a dispute over a U. S. Golf Association ruling on the use of caddy carts.

Money In Cash Box Not Worth A Life

COLUMBIA, S. C. (AP) — George Rideoutte, 60-year-old liquor store operator, doesn't think the money in the cash register is worth a life—even that of a holdup man.

Held up by a nervous Army private, Rideoutte quietly picked up his own gun. But he let the 19-year-old private take the money and get away.

"I'm going to get rid of this gun," said Rideoutte. "I could easily have shot him. I'm glad I didn't."

There's No Question, He's Right Man For Job

CHARLOTTE, N. C. (AP) — John Gluyas, manager of the state-owned liquor warehouse, figures he has handled 49,439,287 bottles of liquor in 12 years, hasn't misplaced a single bottle — and hasn't drunk a drop.

"If I drank, I couldn't hold this job," he says, pointing to the thousands of glass bottles and the hard cement floor.

Yesterday's Stars

Batting — Roger Maris, Yankees, knocked in two runs to run his season total to 107 as the Yankees clinched the American League pennant with a 4-3 decision over the Boston Red Sox.

Pitching — Glen Hobbie, Cubs, enabled the Pittsburgh Pirates to win the National League pennant by shutting out the St. Louis Cardinals, 5-0, although he had been beaten by the same club only two days earlier.

Toledo Team Captures State Bowling Title

LORAIN, Ohio (AP)—Adjutant Grip of Toledo defeated J. Schrader Co. of Cleveland by 68 pins to successfully defend its state five-man bowling championship here.

The Toledoans had a total score of 15,479 for 16 games in the two-day competition which ended Sunday night.

MITE TOO BIG—OR SMALL. Warren Wolfe, a fifth-grader at Westgate, is dwarfed by this big bass viol, while Peter D'Argenzio, elementary music instructor, wonders how to remedy the problem. Warren and Lynn Mumford and Ralph Widger, the other fifth-graders in the picture, are among elementary students in city schools who have been tested and will meet with directors and music representatives this week to discuss rental and purchase plans. East End students will meet tonight at East Junior High while those from other schools will meet Tuesday night at Westgate where the junior high concert band also will play. Fourth grade students will start with an orchestral instrument while fifth and sixth graders may choose either a band or an orchestral instrument. Free instruction will be offered in city schools with D'Argenzio, Alex Demkowicz and George Schweitzer the instructors. Vincent Maola is instrumental music supervisor.

Bankers Air Gold Reserve

WASHINGTON (AP) — Finance ministers and central bank officials from more than 50 nations open today five days of meetings to discuss the free world's fiscal problems.

In advance of the opening session, Managing Director Per Jacobsson of the International Monetary Fund said two problems would be paramount: (1) the steady outflow of gold and dollars from the United States and (2) the imbalance caused by the dramatic buildup of monetary reserves by Germany and some of her prospering neighbors.

Nothing concrete is likely to be done about either problem. Nor are major decisions expected on any other matters during the annual meetings of the IMF, World Bank and International Finance Corp.

While problems exist, none are deemed pressing enough to demand multi-nation action at this time. Also, there may be some reluctance to initiate any major move at a time when the United States faces a change of administration.

The problem of the outflow of gold and capital from the United States is two-fold. First, short-term investment money is moving to Europe in significant quantities because interest rates there are higher. Secondly, the United States continues to run a deficit in its total financial transactions with the rest of the world.

U.S. officials now believe the 1960 payments deficit will range between $2.5 billion and $3 billion. Last year's deficit was $3.8 billion.

Germany and some other European countries, notably Italy and the Netherlands, have a problem opposite to that of the United States. They are steadily building up their reserves at the expense of the rest of the world.

Steam Engine Exhibit Draws Large Crowd

Clanking and puffing huge clouds of smoke from their high stacks, an exhibit of old-time steam engines once used for threshing and other farm chores drew a large crowd in a two-day show that wound up Saturday on the Dean Fullerton farm on Route 18 between Burgettstown and Hickory.

It was the fourth annual show of the Tri-State Historical Steam Engine Association, which attracted 20 entries from about a dozen hobbyists who collect the mammoth pieces of machinery.

Puffing clouds of smoke ranging from light grey to black, the locomotive - like steam engines operated threshers, ran a saw mill, ground up feed and ran baling equipment.

One of the pieces of equipment that attracted attention was a horse-drawn baler for straw or hay, owned by W. H. Cowan and R. J. Cron, both of Beaver Falls R. D. 1. It is of 1905-06 vintage, although its owners bought it in 1917 and used it about three years before it was replaced by the gas baler.

The baler was two-horse-power: two sturdy Percherons that walked slowly in a circle, operating the equipment. Nearby, a modern machine piled up about 30 bales of straw while the antique equipment was putting one bale together.

$50,000 Fire Strikes 3 Flushing Businesses

FLUSHING, Ohio (AP)—A rubbish fire started a blaze that gutted two business buildings in this Belmont County town Saturday night. A third building was damaged by smoke and water. No one was injured.

Although the Ohio Highway Patrol said the loss was estimated at $50,000, former Flushing fire chief Floyd Bennington commented, "It'll run higher than that."

Bennington said 16 fire departments besides Flushing's volunteer unit battled the blaze in the Holzworth and Kirk buildings in the center of the business district for about 2½ hours. The Holzworth Building was unoccupied but the Kirk Building housed a beauty parlor, appliance store and occupied apartments.

The hamster originates in Syria.

Royals, Pistons Meet In Canton Tonight

COLUMBUS, Ohio (AP) — Cincinnati's Royals and Detroit's Pistons clash again tonight in Canton's Memorial Fieldhouse and Tuesday night in Toledo's Sports Arena with the Royals holding a 1-up edge in the exhibition series between the two National Basketball Association teams.

The Royals, behind Jack Twyman's pace-setting 25 points, defeated the Pistons Sunday night, 103-86, at nearby Lockbourne Air Force Base to start an exhibition schedule of 15 games for Cincinnati and 10 for Detroit.

Oscar Robertson, All-America from the University of Cincinnati, and Wayne Embry, from Miami of Ohio, chipped in 16 and 15 points, respectively, for the Royals.

Jordan Oliver is in his ninth season as Yale football coach.

Billy Casper Captures Portland Golf Tourney

PORTLAND, Ore. (AP) —Lighthearted Billy Casper Jr., Apple Valley, Calif., who plays the Portland Golf Club course as if it were his own, won the $27,500 Portland Open again Sunday.

It was the second straight year for the fun-loving Casper, who clipped 19 strokes off par in winning in 1959 and 22 strokes off par this time.

Amidst general par-busting by the touring professionals, it was not easy for Casper, but he turned the trick with a burst of five consecutive birdies on the final nine holes.

Don January, Dallas, Tex., who eventually wound up in third place, caught up with Casper on the 10th hole in a duel in which the two played in the same group on the final day. January opened the day one stroke behind Casper.

This was Casper's first victory since last November and it brought his earnings for the year to $30,463. His win here was worth $2,800.

Paul Harney, Worcester, Mass., who also was in the group with Casper and January, wound up in second place.

Wheeling Pitcher Signed By Tiger Scout

John Teeter, 18-year-old Wheeling southpaw, signed over the weekend with the Detroit Tigers for an undisclosed amount and a bonus.

Chuck Cronin of Tiffin, a Tiger scout, said the 5-foot, 11-inch, 170-pounder will be assigned to Montgomery, Ala., in the Alabama-Florida League.

Teeter, a fast-baller, posted an outstanding 20-2 record in American Legion ball this year.

U.S. Auto 'Surprises' In Grand Prix Victory

WATKINS GLEN, N. Y. (AP)—Newcomer Augie Pabst of Milwaukee and his American-made Scarab have cracked two records and the long domination of the 100-mile Grand Prix of America road race here by British Jaguar cars.

A surprise winner, Pabst Rocketed his Corvette-powered Scarab to a Grand Prix average speed record of 88.8 m.p.h. Saturday in topping a field of more than 30 of the nation's leading amateur sports car drivers.

How Can I?

By ANNE ASHLEY

Q. What is a good way to store the dough for my refrigerator rolls?

A. Try using an empty three-pound shortening can to store the dough for your refrigerator rolls. Unwashed, the can has just the right amount of shortening left in it to keep the dough from sticking, has its own cover, and does not take up nearly as much space in the refrigerator as would a mixing bowl of equal capacity.

Q. How can I make my paintbrushes soft and pliable?

A. Place the brushes in an old can and cover the bristles with vinegar, and boil for 15 minutes. Then you have your brushes ready for use again. Just a little vinegar .... a little heat .... and little time.

Q. How can I protect and preserve tennis racket strings when storing the rackets away for sometime?

A. By coating the strings with some clear petroleum jelly.

Billy Casper Captures Portland Golf Tourney

PORTLAND, Ore. (AP) —Lighthearted Billy Casper Jr., Apple Valley, Calif., who plays the Portland Golf Club course as if it were his own, won the $27,000 Portland Open again Sunday.

It was the second straight year for the fun-loving Casper, who clipped 19 strokes off par in winning in 1959 and 22 strokes off par this time.

Amidst general par-busting by the touring professionals, it was not easy for Casper, but he turned the trick with a burst of five consecutive birdies on the final nine holes.

Don January, Dallas, Tex., who eventually wound up in third place, caught up with Casper on the 18th hole in a duel in which the two played in the same group on the final day. January opened the day one stroke behind Casper.

This was Casper's first victory since last November and it brought his earnings for the year to $39,653. His win here was worth $2,000.

Paul Harney, Worcester, Mass., who also was in the group with Casper and January, wound up in second place.

Wheeling Pitcher Signed By Tiger Scout

John Teeter, 18-year-old Wheeling southpaw, signed over the weekend with the Detroit Tigers for an undisclosed amount and a bonus.

Chuck Cronin of Tiffin, a Tiger scout, said the 5-foot, 11-inch, 170-pounder will be assigned to Montgomery, Ala., in the Alabama-Florida League.

Teeter, a fast-baller, posted an outstanding 20-2 record in American Legion ball this year.

Royals, Pistons Meet In Canton Tonight

COLUMBUS, Ohio (AP) — Cincinnati's Royals and Detroit's Pistons clash again tonight in Canton's Memorial Fieldhouse and Tuesday night in Toledo's Sports Arena with the Royals holding a 1-up edge in the exhibition series between the two National Basketball Association teams.

The Royals, behind Jack Twyman's pace-setting 25 points, defeated the Pistons Sunday night, 125-98, at nearby Lockbourne Air Force Base to start an exhibition schedule of 15 games for Cincinnati and 10 for Detroit.

Oscar Robertson, All-America from the University of Cincinnati, and Wayne Embry, from Miami of Ohio, chipped in 16 and 15 points, respectively, for the Royals.

Jordan Oliver is in his ninth season as Yale football coach.

U.S. Auto 'Surprises' In Grand Prix Victory

WATKINS GLEN, N. Y. (AP)—Newcomer Augie Pabst of Milwaukee and his American-made Scarab have cracked two records and the long domination of the 100-mile Grand Prix of America road race here by British Jaguar cars.

A surprise winner, Pabst Rocketed his Corvette-powered Scarab to a Grand Prix average speed record of 80.8 m.p.h. Saturday in topping a field of more than 30 of the nation's leading amateur sports car drivers.

How Can I?

By ANNE ASHLEY

Q. What is a good way to store the dough for my refrigerator rolls?

A. Try using an empty three-pound shortening can to store the dough for your refrigerator rolls. Unwashed, the can has just the right amount of shortening left in it to keep the dough from sticking, has its own cover, and does not take up nearly as much space in the refrigerator as would a mixing bowl of equal capacity.

Q. How can I make my paintbrushes soft and pliable?

A. Place the brushes in an old can and cover the bristles with vinegar, and boil for 15 minutes. Then you have your brushes ready for use again. Just a little vinegar ..... a little heat ..... and little time.

Q. How can I protect and preserve tennis racket strings when storing the rackets away for sometime?

A. By coating the strings with some clear petroleum jelly.

Ann Landers

ANSWERS YOUR PROBLEMS

Dear Ann Landers: My mother makes me sick.

The other day a dreamy guy came by in his convertible to take me swimming. He tooted the horn and I was not quite ready so he kept at it. My mother looked out the window and when she saw him she became like a maniac. She hollered, "You are not riding any place with that shameless kid. He's naked."

I told her we were going swimming and he was wearing swimming trunks. She said, "Unless he puts a top on you are not leaving this house."

I finally went out and told him he'd have to slip on a shirt or I couldn't go. He said he wasn't putting on a shirt for anybody and drove off, leaving me on the sidewalk. I haven't heard from this fellow since and I'm heartsick.

I think my mother did me terrible dirt.

She insists she was right and my dad agrees with her. What do you say? — LEFT.

-:-

Dear Left: Mom was right. These characters who go riding around undressed from the waist up look like leftovers from an old Tarzan film.

Since you told the boy that your mother wouldn't let you ride with him unless he put on a shirt, he should have had enough respect for both your mother—and for you—to comply.

Playful Mate

Dear Ann: My husband and I are very friendly with a couple. The man works with my husband but he has a higher position.

I don't enjoy their company much because the man usually gets plastered and talks through his hat.

The woman, whom I'll call Kitty, is a good-looking gal with a nice figure. When she wears something with stripes my husband says, "You look just like a cute little sailor boy."

If I wear anything with stripes he says, "Where did you get that horror? You look like a zebra."

The other evening Kitty had two drinks and said she didn't want any more. My husband mixed her a drink anyway, put it in her hand and tried to force the glass to her lips.

This burned me up. I told him it was unbecoming. He says I'm being petty. What do you think? — PIQUED.

-:-

Dear Piqued: It was unbecoming to try to get Kitty to drink more than she wanted. Also stupid. When people have sense enough to know when to stop, they shouldn't be encouraged to drink more. On the other hand, you are little less than smart to draw the battle lines so clearly.

I suggest you scout around for some new and interesting friends. Too much of this couple could be no good for your marriage.

Proof Positive

Dear Ann: I am 14 years old and I don't know a lot about life but I do know something.

So many girls who write to you say they made a big mistake because their boy friends asked them to prove their love and they didn't know how to get out of it. Then they were sorry afterwards.

The solution is so simple I'm surprised they don't think of it. Why don't these girls ask their boy friends to prove their love by leaving them alone? — NO GENIUS.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review, enclosing astamped, self-addressed envelope.

Nixon Briefed For TV Battle With Kennedy

CHICAGO (AP)—Vice President Richard M. Nixon went through final briefings today for his big television campaign debate tonight with his Democratic rival for the presidency.

He had a speaking engagement before the United Brotherhood of Carpenters but kept his schedule otherwise free for concentration on his nationwide joint appearance with Sen. John F. Kennedy.

The Republican nominee left his wife, Pat, in Washington when he flew here Sunday night to start the third week of intensified campaigning.

Nixon told crowds at the Midway Airport and at three South Side receptions en route to the Pick-Congress Hotel, where he spent the night, that Mrs. Nixon decided to remain at home and view the debate over television with their two daughters.

A crowd at the airport, estimated by police at close to 5,000, almost swept the vice president off his feet when some of them surged through police lines and he had difficulty getting to an airplane ramp from which he spoke. He said he never made the football team at college, but after his experience, "I could qualify as a blocking back."

Mrs. Nixon, he said, had a few things to do in Washington, like getting clothes cleaned and buying neckties for him, before rejoining the campaign party early Tuesday in advance of the flight to Memphis, Tenn., for speeches there and at West Memphis, Ark.

The GOP nominee said he is returning later to campaign Illinois "as it has never been campaigned before" with speeches in Chicago and suburbs.

"If we don't take anything for granted, and campaign as hard as we can," he continued, "we are going to win. I'll see you on television tonight."

7 Die In Fiery Crash On Darke County Road

GREENVILLE, Ohio (AP)—Two cars collided at a Darke County road intersection Saturday night and one vehicle burst into flames to create a funeral pyre for four of the seven who were killed.

Six members of one family died in the station wagon that burned. Four were trapped inside the flaming wreck and two others were thrown clear. The driver of the second car also perished and his passenger was critically injured.

Authorities identified the victims as Chester Mock, 36, Union City, Ind.; his wife, Rosemary, 36; their two daughters, Stephana, 10, and Debora Ann, 5; Mock's parents, Walter Mock, 77, and his 72-year-olf wife, Lulie, of Rossburg, Ohio, and the other motorist, Stanley Slouffman, 28, Dayton, Ohio.

Slouffman's passenger, Gerald Arthur Woods, 22, of Celina, Ohio, was reported in critical condition at Wayne Memorial Hospital here.

U.S. Probing Latest Moon Rocket 'Flop'

CAPE CANAVERAL, Fla. (AP)—The moon remains an elusive target for American rockets, while the Soviet Union continues to hold a commanding lead in lunar exploration and may soon attempt to send the first man into space.

These are the cold facts facing U. S. space scientists today as they seek to pinpoint the reason for the failure Sunday of their latest moon rocket.

The giant Atlas-Able, most powerful space vehicle ever assembled by this nation, fizzled in an effort to hurl the first satellite into orbit about the moon.

The failure dealt a damaging blow to U.S. space prestige at a time when Soviet Premier Nikita Khrushchev is saying that the Soviet Union is ready to launch a man into space.

"It is difficult to say just when the Soviets will launch the first space man, but we are prepared," Khrushchev reported Sunday. He said a rocket and space ship are ready but it is up to Soviet scientists to decide the launching date.

A malfunction in the second stage engine doomed the experiment and sent the 387-pound payload to a fiery death as it dived back into the earth's atmosphere somewhere over the Indian Ocean.

A reserve Atlas-Able and payload are available to repeat Sunday's effort. They could be ready in two to three months if a study of data from Sunday's shot indicates that no major changes are necessary.

This was the seventh time the United States has sent a rocket toward the moon. Three of the previous shots failed because of rocket trouble.

One reached an altitude of 70,700 miles and another 63,580 miles before tumbling back into the atmosphere. Pioneer IV had too much speed and sailed past the moon into orbit about the sun.

The Soviets have reported firing three moon rockets. Lunik I whipped past the moon into solar orbit. Lunik II hit the moon. Lunik III went into a wide earth orbit that carried it around the moon and enabled it to take the first pictures of the backside.

2 Motorists Arrested After County Mishaps

Drivers from Pittsburgh and Bergholz were cited on charges of reckless operation following separate weekend auto accidents, the Lisbon State Highway Patrol reported today.

Anthony Diminno, 65, of Pittsburgh was cited Sunday afternoon at 4 after he fell asleep and lost control on a curve on Route 30, seven miles east of the Stark County line.

The patrol said Diminno was driving east when he went off the right side of the road and struck route signs. He escaped injury but his 1953 car was damaged, the patrol said.

Harry Heflin, 22, of Bergholz was given a citation after he lost control of his 1953 car and rolled over while driving south on Possum Hollow Rd., south of Salineville.

Heflin escaped injury in the mishap at 11 p. m. Saturday. He was cited on a charge of driving without an operator's license, the patrol reported.

Ann Landers

ANSWERS YOUR PROBLEMS

Dear Ann Landers: My mother makes me sick.

The other day a dreamy guy came by in his convertible to take me swimming. He tooted the horn and I was not quite ready so he kept at it. My mother looked out the window and when she saw him she became like a maniac. She hollered, "You are not riding any place with that shameless kid. He's naked."

I told her we were going swimming and he was wearing swimming trunks. She said, "Unless he puts a top on you are not leaving this house."

I finally went out and told him he'd have to slip on a shirt or I couldn't go. He said he wasn't putting on a shirt for anybody and drove off, leaving me on the sidewalk. I haven't heard from this fellow since and I'm heartsick.

I think my mother did me terrible dirt.

She insists she was right and my dad agrees with her. What do you say? — LEFT.

-:-

Dear Left: Mom was right. These characters who go riding around undressed from the waist up look like leftovers from an old Tarzan film.

Since you told the boy that your mother wouldn't let you ride with him unless he put on a shirt, he should have had enough respect for both your mother—and for you—to comply.

Playful Mate

Dear Ann: My husband and I are very friendly with a couple. The man works with my husband but he has a higher position.

I don't enjoy their company much because the man usually gets plastered and talks through his hat.

The woman, whom I'll call Kitty, is a good-looking gal with a nice figure. When she wears something with stripes my husband says, "You look just like a cute little sailor boy."

If I wear anything with stripes he says, "Where did you get that horror? You look like a zebra."

The other evening Kitty had two drinks and said she didn't want any more. My husband mixed her a drink anyway, put it in her hand and tried to force the glass to her lips.

This burned me up. I told him it was unbecoming. He says I'm being petty. What do you think? — PIQUED.

-:-

Dear Piqued: It was unbecoming to try to get Kitty to drink more than she wanted. Also stupid. When people have sense enough to know when to stop, they shouldn't be encouraged to drink more. On the other hand, you are little less than smart to draw the battle lines so clearly.

I suggest you scout around for some new and interesting friends. Too much of this couple could be no good for your marriage.

Proof Positive

Dear Ann: I am 14 years old and I don't know a lot about life but I do know something.

So many girls who write to you say they made a big mistake because their boy friends asked them to prove their love and they didn't know how to get out of it. Then they were sorry afterwards.

The solution is so simple I'm surprised they don't think of it. Why don't these girls ask their boy friends to prove their love by leaving them alone? — NO GENIUS.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review, enclosing astamped, self-addressed envelope.

Nixon Briefed For TV Battle With Kennedy

CHICAGO (AP)—Vice President Richard M. Nixon went through final briefings today for his big television campaign debate tonight with his Democratic rival for the presidency.

He had a speaking engagement before the United Brotherhood of Carpenters but kept his schedule otherwise free for concentration on his nationwide joint appearance with Sen. John F. Kennedy.

The Republican nominee left his wife, Pat, in Washington when he flew here Sunday night to start the third week of intensified campaigning.

Nixon told crowds at the Midway Airport and at three South Side receptions en route to the Pick-Congress Hotel, where he spent the night, that Mrs. Nixon decided to remain at home and view the debate over television with their two daughters.

A crowd at the airport, estimated by police at close to 5,000, almost swept the vice president off his feet when some of them surged through police lines and he had difficulty getting to an airplane ramp from which he spoke. He said he never made the football team at college, but after his experience, "I could qualify as a blocking back."

Mrs. Nixon, he said, had a few things to do in Washington, like getting clothes cleaned and buying neckties for him, before rejoining the campaign party early Tuesday in advance of the flight to Memphis, Tenn., for speeches there and at West Memphis, Ark.

The GOP nominee said he is returning later to campaign Illinois "as it has never been campaigned before" with speeches in Chicago and suburbs.

"If we don't take anything for granted, and campaign as hard as we can," he continued, "we are going to win. I'll see you on television tonight."

7 Die In Fiery Crash On Darke County Road

GREENVILLE, Ohio (AP)—Two cars collided at a Darke County road intersection Saturday night and one vehicle burst into flames to create a funeral pyre for four of the seven who were killed.

Six members of one family died in the station wagon that burned. Four were trapped inside the flaming wreck and two others were thrown clear. The driver of the second car also perished and his passenger was critically injured.

Authorities identified the victims as Chester Mock, 36, Union City, Ind.; his wife, Rosemary, 26; their two daughters, Stephana, 10, and Debora Ann, 5; Mock's parents, Walter Mock, 77, and his 72-year-olf wife, Lulie, of Rossburg, Ohio, and the other motorist, Stanley Slouffman, 28, Dayton, Ohio.

Slouffman's passenger, Gerald Arthur Woods, 22, of Celina, Ohio, was reported in critical condition at Wayne Memorial Hospital here.

U.S. Probing Latest Moon Rocket 'Flop'

CAPE CANAVERAL, Fla. (AP)—The moon remains an elusive target for American rockets, while the Soviet Union continues to hold a commanding lead in lunar exploration and may soon attempt to send the first man into space.

These are the cold facts facing U. S. space scientists today as they seek to pinpoint the reason for the failure Sunday of their latest moon rocket.

The giant Atlas-Able, most powerful space vehicle ever assembled by this nation, fizzled in an effort to hurl the first satellite into orbit about the moon.

The failure dealt a damaging blow to U.S. space prestige at a time when Soviet Premier Nikita Khrushchev is saying that the Soviet Union is ready to launch a man into space.

"It is difficult to say just when the Soviets will launch the first space man, but we are prepared," Khrushchev reported Sunday. He said a rocket and space ship are ready but it is up to Soviet scientists to decide the launching date.

A malfunction in the second stage engine doomed the experiment and sent the 387-pound payload to a fiery death as it dived back into the earth's atmosphere somewhere over the Indian Ocean.

A reserve Atlas-Able and payload are available to repeat Sunday's effort. They could be ready in two to three months if a study of data from Sunday's shot indicates that no major changes are necessary.

This was the seventh time the United States has sent a rocket toward the moon. Three of the previous shots failed because of rocket trouble.

One reached an altitude of 70,760 miles and another 63,580 miles before tumbling back into the atmosphere. Pioneer IV had too much speed and sailed past the moon into orbit about the sun.

The Soviets have reported firing three moon rockets. Lunik I whipped past the moon into solar orbit. Lunik II hit the moon. Lunik III went into a wide earth orbit that carried it around the moon and enabled it to take the first pictures of the backside.

2 Motorists Arrested After County Mishaps

Drivers from Pittsburgh and Bergholz were cited on charges of reckless operation following separate weekend auto accidents, the Lisbon State Highway Patrol reported today.

Anthony Diminno, 65, of Pittsburgh was cited Sunday afternoon at 4 after he fell asleep and lost control on a curve on Route 30, seven miles east of the Stark County line.

The patrol said Diminno was driving east when he went off the right side of the road and struck route signs. He escaped injury but his 1953 car was damaged, the patrol said.

Harry Heflin, 22, of Bergholz was given a citation after he lost control of his 1953 car and rolled over while driving south on Possum Hollow Rd., south of Salineville.

Heflin escaped injury in the mishap at 11 p. m. Saturday. He was cited on a charge of driving without an operator's license, the patrol reported.
